### RECITALS

WHEREAS, Assignor or its affiliate entity previously owned and is listed as owner of record of the right, title and interest in and to the trademarks shown on **Schedule A**, collectively referred to as “Trademarks”; and

WHEREAS, Assignee and B27 Holding Corp., a Delaware Corp. and its affiliated entities were parties to a Purchase Agreement dated December 9, 2013 (the “Purchase Agreement”); and

WHEREAS, pursuant to the Purchase Agreement, Assignee acquired Assignor along with all right, title and interest in and to the Trademarks; and

WHEREAS, Assignee desires to confirm, document and perfect its ownership of all rights, title and interest in any jurisdiction throughout the world in and to all of the intellectual property forming part of Trademarks, and in furtherance thereof, desires to obtain from Assignor this confirmatory assignment of any and all intellectual property and any other rights that Assignor may have, if any, with respect to the Trademarks, including, without limitation, any and all:

- (a) rights in the Trademarks set forth on Schedule A hereto, including all related common law trademarks, service marks, trade names, logos and trade dress, thereto, in all countries, regions and jurisdictions thereof;
- (b) applications, registrations, issuances, renewals and extensions of any of the foregoing;
- (c) goodwill appurtenant to any of the foregoing;
- (d) rights of any kind whatsoever of such Assignor accruing under any of the foregoing provided by applicable Law of any jurisdiction, by international treaties and conventions and otherwise throughout the world, including, but not limited to all related unregistered intellectual property rights in any country, region or jurisdiction and/or intellectual property rights arising from, out of, or by virtue of, common law rights in any country, region or jurisdiction;
- (e) royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing;
- (f) related rights of priority and protection of interests of any of the foregoing;

(g) and all claims, warranties, credits, causes of action and rights of such Assignor, whether accruing before, on and/or after the date hereof, with respect to any of the foregoing, including in each case rights to set-off, indemnity, warranty, reimbursement, refunds, recoupment, damages specific performance or other equitable relief and all other rights of enforcement or recovery possessed by such Assignor from or against any third party, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, misappropriation, dilution, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages, regardless of whether or not such rights are currently exercisable or such claims have been asserted.

**WHEREAS**, Assignor desires to provide such confirmation and document its assignment to Assignee of any and all rights in and to the Trademarks, if any, that Assignor may have.

**NOW, THEREFORE**, for \$10.00 (US) and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby sells, assigns, transfers and sets over to Assignee all of its entire right, title and interest in and to the Trademarks, including any United States and for all foreign countries, including, without limitation, any registrations and applications therefor, any renewals and extensions of the registrations, and all other corresponding rights that are or may be secured under the laws of the United States or any foreign country, now or hereafter in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, at least as fully and entirely as the same would have been held and enjoyed by Assignor if this Assignment had not been made, together with all income, royalties or payments due or payable as of the Effective Date or thereafter, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the Trademarks, with the right to sue for and collect the same for Assignees' own use and enjoyment and for the use and enjoyment of its successors, assigns or other legal representatives; and

The parties hereto acknowledge and agree that the execution and delivery of this Assignment does not constitute a representation by Assignor that it has any interest with respect to the Trademarks, but rather that the purpose of this Assignment is to evidence and document that whatever interest Assignor may have with respect to the Trademarks, if any, is hereby assigned to Assignee.

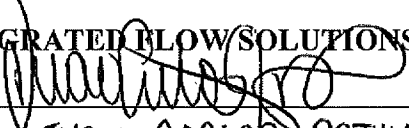

Assignor shall take all further reasonable actions, and provide to Assignee, Assignee's successors, assigns or other legal representatives, all such reasonable cooperation and assistance (including, without limitation, the execution and delivery of any and all affidavits, declarations, oaths, samples, exhibits, specimens, assignments, powers of attorney or other documentation), requested by Assignee to more fully and effectively effectuate the purposes of this Assignment.

This Assignment shall be governed by and construed in accordance with the domestic laws of the State of Texas without giving effect to any choice or conflict of law provision or rule (whether of the State of Texas or any other jurisdiction) that would cause the application of the laws of any other jurisdiction.

IN WITNESS WHEREOF, Assignor has executed this Assignment as of the Effective Date.
