SHORT-FORM IP SECURITY AGREEMENT

THIS SHORT-FORM IP SECURITY AGREEMENT (this “Short Form Agreement”) is made and entered into as of March 8, 2024, by PLEXUS WORLDWIDE, LLC, an Arizona limited liability company and PLEXUS HOLDCO, LLP, an Arizona limited liability partnership (jointly, severally and collectively, the “Grantors”, each a “Grantor”) and ARIZONA BANK & TRUST, a division of HTLF Bank, in its capacity as administrative agent (in such capacity, the “Administrative Agent”), as the secured party.

PRELIMINARY STATEMENTS:

Pursuant to that certain Credit Agreement, dated as of the date hereof (as amended, modified, extended, restated, renewed, replaced, or supplemented from time to time, the “Credit Agreement”) among the Borrower, the Guarantors, the Lenders party thereto and the Administrative Agent, the Lenders have agreed to make Loans and issue Letters of Credit upon the terms and subject to the conditions set forth therein. Capitalized terms used in this Short Form Agreement and not defined in this Short Form Agreement have the meanings given to such terms in the Credit Agreement.

Pursuant to the Loan Documents, Grantor and Administrative Agent have agreed to enter into this Short Form Agreement to further evidence the grant of the security interests in such Grantor’s Intellectual Property to Administrative Agent on behalf of the Lenders and certain other rights with respect to such Intellectual Property, subject to the terms, provisions and conditions of the Credit Agreement.

AGREEMENT:

1. Security Interest. Subject to the terms and conditions of the Credit Agreement and the other Loan Documents, as collateral security for the prompt and complete payment and performance of the Secured Obligations, Grantor hereby grants to Administrative Agent, a security interest in and lien upon all of such Grantor’s Intellectual Property, whether now owned or hereafter acquired, or in which it now has or at any time in the future may acquire any right, title, or interest, including all Intellectual Property in which it now has or at any time in the future may acquire any right, title or interest, including, without limitation, the trademarks listed on the attached Exhibit A, and any and all goodwill of such Grantor connected with the use of and symbolized by the trademarks.

2. Grant of License. Subject to the terms and conditions of the Credit Agreement and the Security Agreement, Grantor hereby grants to Administrative Agent, an irrevocable, non-exclusive license (exercisable upon the occurrence and during the continuance of an Event of Default, without payment of royalty or other compensation to any Grantor) to use, transfer, license or sublicense any Intellectual Property now owned, licensed to, or hereafter acquired by any Grantor, including, without limitation, the trademarks listed on the attached Exhibit A, and wherever the same may be located, and including in such license access to all media in which any of the licensed items may be recorded or stored and to all computer software and programs used for the compilation or printout thereof, and represents, promises and agrees that any such license or sublicense is not and will not be in conflict with the contractual or commercial rights

of any third Person; provided that such license will terminate on the cure or waiver of any such Event of Default or the payment in full of all Secured Obligations and termination of all unused commitments and release of Administrative Agent's security interest in the Collateral.

3. Incorporation by Reference; Filing Purposes Only. All of the terms and provisions of the Credit Agreement are incorporated by reference into this Short Form Agreement. This Short Form Agreement is intended to be filed with the United States Patent and Trademark Office only, and does not modify, supersede, diminish, add to or change all or any of the terms of the Credit Agreement or Security Agreement in any respect. The security interest granted pursuant to this Short Form Agreement is granted in conjunction with the security interest granted to Administrative Agent pursuant to the Collateral Documents and Grantor hereby acknowledges and agrees that the rights and remedies of Administrative Agent with respect to the security interest in the Intellectual Property made and granted hereby are more fully set forth in the Collateral Documents and the Credit Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

4. Counterparts. This Short Form Agreement may be executed in one or more counterparts, each of which shall be deemed an original.
