This Trademark Assignment Agreement (the “**Assignment**”) is effective as of December 31, 2023 (the “**Effective Date**”), by and between A9.com, Inc. WHEREAS, Assignor is the owner of the trademarks, service marks, and trade names represented by the applications and registrations listed on **Schedule A** (the “**Trademarks**”); and

WHEREAS, Assignor wants to assign and Assignee wants to receive all of Assignor’s right, title, and interest in and to the Trademarks, together with the portion of the business to which the Trademarks pertain and any goodwill associated with the Trademarks:

NOW, THEREFORE, in consideration of the foregoing premises and of the mutual covenants contained herein, and for the sum of USD \$1.00 and other good and valuable consideration, Assignor and Assignee agree as follows:

1. Assignor now assigns to Assignee all of Assignor’s right, title, and interest in and to the Trademarks as it exists anywhere in the world and as may be created or acquired at any date in the future, together with the portion of the business to which the Trademarks pertain and any goodwill associated with the Trademarks. This Assignment includes without limitation: all applications and registrations for the Trademarks; all related common law rights; all related priority rights or claims based on international conventions; all rights to proceeds of the Trademarks, including income, royalties, damages, profits, and payments now or hereafter payable; and the right to take action against third parties for past, present, or future infringement of the Trademarks.
2. Assignor shall execute and deliver any other documents and perform any other reasonable acts Assignee may request, that Assignee considers necessary and appropriate to effect the terms of this Assignment and establish Assignee’s rights in the Trademarks.
3. This Assignment may be executed by electronic means in any number of counterparts, and by the parties in separate counterparts, but is not effective until each party has executed at least one counterpart. Each counterpart of this Assignment shall constitute a duplicate original, but all the counterparts shall together constitute the one Assignment.
