In the hope of minimizing confusion in regard to the recordation of these documents, a brief background is being provided. In June of 1997 **Cargo Technology** assigned its rights in both **Patent No. 5,105,970** and **Trademark Registration No. 1,639,095** to **Industrial Fiberglass Corporation**. Formal documents evidencing these transfers were not recorded or were not obtained. Earlier this year it became important to clear up the title of record for both of these properties.

In the interim, both parties had changed their name, and two security interests had been recorded. The present documents both confirm the original assignments and provide a record of the changes of name.

Additionally, one of the banks (which also changed its name) is providing a release document, confirming a prior release of a security interest. The other bank (no name change) has separately provided a document for recordation to make of record an earlier release of its security interest.

I apologize for the confusing nature of these various documents, and if there are any further questions, please do not hesitate to give me a call.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "John C. Lambertsen", written in a cursive style. The signature is positioned above the printed name.

John C. Lambertsen
