WHEREAS, Assignor is the owner of the entire right, title and interest in, to and under the United States and foreign trademark registrations and applications for registration of trademarks identified and set forth on Schedule A or those that otherwise are used primarily in the Aerostructures Division (all of the foregoing collectively, the "*US Federal Trademarks*," ) and the goodwill associated with all of the foregoing;

WHEREAS, Assignor is the owner of the entire right, title and interest in, to and under the State of Washington trademark registrations and applications for registration of trademarks identified and set forth on Schedule B or that otherwise constitute "Additional Assets" under the Agreement (all of the foregoing collectively, the "*US State Trademarks*") and the goodwill associated with all of the foregoing; and

WHEREAS, pursuant to the Agreement, the US Federal Trademarks, the US State Trademarks and each of their associated goodwill are to be assigned to Assignee.

NOW, THEREFORE, for good and valuable consideration (including the premises and covenants set forth in the Agreement), the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

Assignor hereby assigns, transfers and sets over to Assignee all of Assignor's right, title and interest in and to the US Federal Trademarks and the US State Trademarks, together with the goodwill of the business in connection with which the US Federal Trademarks and the US State Trademarks are used, all trademark registrations and applications therefor in the United States and for all foreign countries, including any renewals and extensions of the registrations that are or may be secured under the laws of the United States and all foreign countries, now or hereafter in effect, and all trademark registrations and applications therefor in the State of Washington, including any renewals and extensions of the registrations that are or may be secured under the laws of the State of Washington, now or hereafter in effect, for Assignee's own use and enjoyment, and for the use and enjoyment of Assignee's successors, assigns or other legal representatives, as fully and entirely as the same would have been held and enjoyed by Assignor if this assignment and sale had not been made, together with all income, royalties or payments due or payable as of the Effective Date or thereafter, including, without limitation, all claims for damages by reason of past, present or future infringement or other unauthorized use of the US Federal Trademarks or the US State Trademarks, with the right to sue for and collect the same for Assignee's own use and enjoyment and for the use and enjoyment of its successors, assigns or other legal representatives.

Assignor authorizes and requests the United States Commissioner of Patents and Trademarks and any other similar government authority to record Assignee as the assignee and owner of the US Federal Trademarks, and issue any and all registrations thereon to Assignee, as assignee of the entire right, title and interest in, to and under the same, for the sole use and enjoyment of Assignee, its successors, assigns or other legal representatives.
