Risk indicator 1 means minimum level of risk.\*

According to Dun & Bradstreet's research, the company's financial situation is to be considered as solid.

The analysis is based on various criteria which include :

- Subject's financial strength is significant.
- No Betreibungen registered during the last two years.
- Taxable profit based on official tax figures is considered significant.
- No information on the existence of a parent company.
- The company belongs to a group and has several affiliated businesses
- The company was founded more than 33 years ago and is therefore considered as well established both geographically and in its activities.

The D&B credit recommendation for this business is: 915.000

\* The different risk indicators are :

- 1 = ... minimum level of risk
- 2 = ... low level of risk
- 3 = ... slightly above-average level of risk
- 4 = ... high level of risk
- = ... undetermined (insufficient information available)

#### D&B SCORE COMPARISON

The D&B Score is an indicator based on a scale from 1 to 100, where "1" corresponds to a high risk of insolvency and "100" corresponds to a moderate risk.

The D&B Score is based on an analysis of information held in D&B Swiss Database.

The D&B Score for this company is 100 .

The average D&B Score for businesses in the D&B Swiss database within the same industry sector is 28 .

The probability of failure for this business is lower than the industry average in this country, as calculated by D&B.

#### FINANCIAL STRENGTH COMPARISON

The comparison of this company against the other businesses on the D&B Swiss database within the same industry sector reveals that:

- 8 % of businesses have a stronger financial strength
- 4 % of businesses have the same financial strength
- 68 % of businesses have a weaker financial strength
- 20 % of businesses have an undetermined financial strength.
