RECITALS:

A. Assignor has submitted to the United States Patent and Trademark Office (the "PTO") an application for Service Mark registration for the Service Mark depicted and described on Exhibit A, (the "Mark"), attached hereto and made a part hereof;

B. Assignor desires to assign to its parent corporation, Assignee, all of the rights, title and interest that Assignor has in and to the Mark, statutory and at common law, together with the goodwill of the business in connection with which the Mark has been used and is used, represented by such Mark, along with the right to recover for damages and profits for past, present and future infringements thereof and to enjoin any and all past, present and future infringing uses of the Mark;

C. Assignee desires to acquire all rights, title and interest that Assignor has in and to the Mark, statutory and at common law, together with the goodwill of the business in connection with which the Mark has been used and is used, represented by such Mark, along with the right to recover for damages and profits for past, present and future infringements thereof and to enjoin any and all past, present and future infringing uses of the Mark;

AGREEMENT:

NOW THEREFORE, in consideration of the mutual covenants contained herein, the above recitals which are hereby incorporated into this Agreement, the Assignee's ownership of Assignor and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. **Assignment of Mark from Assignor to Assignee.** Assignor transfers, assigns and quitclaims to Assignee all rights, title and interest Assignor has in and to the Mark, statutory and at common law, together with the goodwill of the business connected with the use of, and which is represented by such Mark, along with the right to recover for damages and profits for any past, present and future infringements of the Mark.

2. **Cooperation.** Assignor hereby authorizes and requests, as appropriate, the United States Patent and Trademark Office Commissioner of Trademarks and any state trademark authority to record Assignee as the assignee and owner of the Mark and any federal, state or foreign application or registration therefor. Assignor hereby agrees, without requiring further remuneration, to provide promptly to Assignee, its successors in interest, assigns or other legal representatives, cooperation and assistance at Assignee's reasonable request (including the

execution and delivery of any and all affidavits, declarations, oaths, samples, exhibits, specimens and other documentation as may be reasonably required): (1) in the preparation and prosecution of any application for registration, any application for renewal of a registration, or any other business before United States Patent and Trademark Office Commissioner of Trademarks or any state or foreign trademark authority covering the Mark; (2) in the prosecution or defense of any oppositions, interferences, infringement suits or other proceedings that may arise in connection with the Mark, including, but not limited to, testifying as to any facts relating to the Mark transferred herein and this Agreement; (3) in obtaining any additional trademark protection that Assignee reasonably may deem appropriate that may be secured under the laws now or hereafter in effect in the United States or throughout the world; (4) to otherwise secure and preserve Assignee's rights in the Mark; and (5) in the recordation, implementation or perfection of this Agreement.

3. **Binding Effect.** This Agreement shall be binding upon the Parties, successors in interest and/or assigns, as the case may be, and all others acting by, through, with or under their direction. The Parties intend for this Agreement to be both permanent and irrevocable.

4. **Applicable Law.** This Agreement shall be construed by and interpreted in accordance with the laws of the United States and the Commonwealth of Virginia without reference to its conflict of laws provisions.

5. **Recordation.** Assignee shall have the right to record freely this Agreement, as it deems appropriate, to give notice of its assigned rights contained in this Agreement including, without limitation, recording this Agreement with the United States Patent and Trademark Office.
