Section 9. Indemnity and Expenses. The Company agrees to indemnify the Collateral Agent from and against any and all claims, losses and liabilities growing out of or resulting from this Agreement (including, without limitation, enforcement of this Agreement), except claims, losses or liabilities found in a final, non-appealable judgment by a court of competent jurisdiction to have resulted solely from any Collateral Agent's gross negligence, willful misconduct or breach of any of its obligations hereunder.

Section 11. Continuing Security Interest. This Agreement shall create a continuing security interest in the IP Collateral and shall (a) remain in full force and effect until the indefeasible and irrevocable payment in full in cash of the Secured Obligations, (b) be binding upon the Company its successors and assigns and (c) inure, together with the rights and remedies of the Collateral Agent hereunder, to the benefit of their successors and assigns.

Section 12. Termination. Upon the indefeasible and irrevocable payment in full in cash of the Secured Obligations, the pledge, assignment and security interest granted hereby shall terminate and all rights to the IP Collateral shall revert to the Company, and, except as otherwise provided herein, all of the Company's obligations hereunder shall at such time terminate. At such time, the Collateral Agent shall also promptly execute and deliver to the Company such documents and instruments reasonably requested by the Company necessary to evidence termination of all security interests given by the Company to the Collateral Agent hereunder.

Section 13. Protection Of IP Collateral By Company. Except as set forth below in this Section 13, the Company shall undertake the following with respect to the IP Collateral:

Notwithstanding the foregoing, so long as (x) no Company Default has occurred and is continuing, or (y) no Material Adverse Effect would result from the Company's actions,

Company shall have no obligation to use or to maintain any IP Collateral (i) that relates solely to any product that has been discontinued, abandoned or terminated, (ii) that has been replaced with IP Collateral substantially similar to the IP Collateral that may be abandoned or otherwise become invalid, so long as the failure to use or maintain such IP Collateral does not materially adversely affect the validity of such replacement IP Collateral and so long as such replacement IP Collateral is subject to the lien created by this Agreement, (iii) that Company has reasonably determined is of Negligible Economic Value to it, provided that Company will give at least thirty (30) calendar days advance written notice of its intent to complete any such abandonment to the Collateral Agent, or (iv) if the Collateral Agent has provided written consent to the abandonment of such IP Collateral.

To the knowledge of the Company, the use by the Company of the IP Collateral does not infringe the rights of any Person in any material respect. No holding, decision or judgment has been rendered by any Governmental Authority which would limit, cancel or question the validity of, or Company's rights in, any IP Collateral in any respect that could reasonably be expected to have a Material Adverse Effect on the business or the property of Company.

(l) *IP Notice.* The Company has used and will continue to use proper statutory notice in connection with its use of each of the patents, trademarks and service marks of the IP Collateral.

Section 15. Agreement Applies To Future Intellectual Property

(a) Upon the reasonable request of the Collateral Agent, the Company shall execute and deliver, and have recorded, any and all agreements, instruments, documents and papers as the Collateral Agent may reasonably request to evidence the Collateral Agent's security interest in any Patent or Trademark covered by this Agreement, and the Company hereby constitute the Collateral Agent as their attorney-in-fact to execute and file all such writings for the foregoing purposes, all acts of such attorney being hereby

(b) Neither this Agreement nor any Transaction Document, or any act, omission, or circumstance taken or arising hereunder may be construed as directly or indirectly conveying to the Collateral Agent any present right, title or interest in and to the IP Collateral, which right, title and interest is effective only following the occurrence of any Company Default.

Section 20. Miscellaneous.

(a) Amendments and Waivers; Modifications. No amendment, modification, termination, or waiver of any provision of this Agreement, nor consent to any departure by the Company therefrom, shall in any event be effective unless the same shall be in writing and signed by the Required Lenders and the Company, and then such waiver or consent shall be effective only in the specific instance and for the specific purpose for which given. No notice to or demand on the Company in any case shall entitle the Company to any other or further notice or demand in similar or other circumstances. The Company hereby authorizes the Collateral Agent to modify this Agreement by amending Exhibit A, Exhibit B and Exhibit C, as may be necessary from time to time to include any future Patents, Trademarks or other IP Collateral covered by Section 2, hereof, and further agrees to take all actions provided in Section 6 and Section 13 hereof to perfect and maintain the Collateral Agent's first priority security interests in any and all such future IP Collateral.

This Agreement may be assigned by the Collateral Agent to (i) any Affiliate of the Collateral Agent or any member of the Purchasers' Family Group, without the consent of the Company, and (ii) any other Person not an Affiliate or member of the Purchasers' Family Group, with the prior consent of the Company, which consent shall not be unreasonably withheld; provided that any such assignment shall only be made in conjunction with corresponding assignments of related

rights and obligations of the Collateral Agent under the Purchase Agreement and the Notes. Neither this Agreement nor any right, remedy, obligation or liability arising hereunder or by reason hereof shall be assignable by the Company without the prior written consent of the Required Lenders. This Agreement shall be binding upon the Company and its permitted successors and assigns and shall inure to the benefit of the Collateral Agent and its successors and assigns. Nothing in this Agreement, express or implied, is intended or shall be construed to give any person or entity other than the parties to this Agreement or their respective successors or assigns any legal or equitable right, remedy or claim under or in respect of any agreement or any provision contained herein. The Company will require any successor to the Company or any permitted assignee thereof (each, a "Successor"), whether direct or indirect, by purchase, merger, consolidation, operation of law or otherwise, to expressly assume and agree to perform the obligations under this Agreement in the same manner and to the same extent that the Company would be required to perform them if no such purchase, succession or assignment had taken place upon any such purchase, succession or assignment, the references in this Agreement to the Company shall also apply to any Successor unless the context otherwise requires.
