## List of Items to Purchase From LSR Technologies, Inc.'s Trustee in Bankruptcy

The items of interest fall into six main categories, Patents, Trade Marks, Patent Applications, Office Equipment, Equipment and Inventory. The following is a list of assets we are interested in purchasing from the LSR's Trustee in Bankruptcy.

Patents:

Table 1 shows the list of patents that we are interested in purchasing. The fourth column in the table refers to the patents as listed in the attachment to the Bankruptcy Petition Schedule B. That attachment lists the patents and trademarks owned by LSR Technologies, Inc. and has four parts, *Patents*, *Trademarks*, *Remarks* and *Other Considerations*. The reference in column four refers to the item number and the section of the attachment in which it occurs.

Table 1: Patents Desired for Acquisition from LSR's Trustee in Bankruptcy

<i>Country</i>	<i>Patent Number</i>	<i>Patent Title</i>	<i>Reference to Schedule B Attachment</i>
USA	5,180,486	Potential flow centrifugal separator system for removing solid particulates from a fluid stream	Item 1 of <i>Patents</i>
USA	6,032,456	Power generating gasification cycle employing first and second heat exchangers	Item 7 of <i>Patents</i>
USA	6,372,025	Particulate control systems incorporating electrostatic precipitators	Item 8 of <i>Patents</i>
Canada	CA 2030102	Method and apparatus for removing solid particulates from a fluid stream	Item 1 of <i>Other Considerations</i>
Europe	EP0430647	Method and apparatus for removing solid particulates from a fluid stream	Item 12 of <i>Patents</i>
Poland	PL309507	Method and apparatus for removing solid particulates from a fluid stream	Item 2 of <i>Other Considerations</i>
Czech Republic	CZ9502269	Method and apparatus for removing solid particulates from a fluid stream	Item 3 of <i>Other Considerations</i>
Slovakia	SK113395	Method and apparatus for removing solid particulates from a fluid stream	Item 4 of <i>Other Considerations</i>

Note: The rights to German patent DE 690 19942 T2 (Item 14 of *Patents*) will be acquired as part of European patent EP0430647 as Germany is a participating country in the European Patent Office.

Trademarks:

Table 2 shows the list of trademarks that we are interested in acquiring.

<i>Country</i>	<i>Trademark Number</i>	<i>Title</i>	<i>Reference to Schedule B Attachment</i>
USA	2,280,304	"Core Separator"	Item 15 of Trademarks

Patent Applications:

We would like to acquire the right to "step in" in place of LSR Technologies, Inc. and negotiate with Marshall, Gerstein & Borun to finish the patent application process and acquire the patent rights to the following pending patents shown in Table 3.

Table 3: Patent Applications Desired for Acquisition from Marshall, Gerstein & Borun

<i>Country</i>	<i>MG&amp;B Matter Number</i>	<i>Title</i>	<i>Reference to Schedule B Attachment</i>
USA	29884/38222	Centrifugal separator module with passive recirculation system	Item 10 of Patents
USA	29884/3770	Emission control system	Item 9 of Patents
USA	29884/38030	Emission control system with acid gas removal	Item 13 of Patents

Note: The Emission Control System patent application shown in Table 3 was filed with the U.S. Patent Office on 23 January 2002 and has been given the U.S. Patent Serial Number of 10/056,664. Patent application # 840394 (Item 13 of *Patents*) is noted as being Gerstien & Borun Patent Application Number 29884/38030 in the Remarks section of the Attachment.

Equipment:

We would like to acquire all of LSR Technology's machinery, fixtures, equipment and supplies used in business (Bankruptcy Petition Schedule B, Item 27), including two used

Hipotronics high voltage power supplies, used laboratory equipment and baghouse. This includes the used equipment specifically listed in Table 3. We will be responsible for removing all used equipment from the premises of LSR's place of business and for retrieving the high voltage power supplies from their last know location in Ohio.
