TRADEMARK ASSIGNMENT

This TRADEMARK ASSIGNMENT (this "Assignment") is made and entered into as of November 14, 2005, by and between CI Ventures, LLC, a New Jersey limited liability company ("Assignor"), and Biospace, Inc., a Delaware corporation ("Assignee"). Capitalized terms used herein and not otherwise defined herein shall have the meanings set forth in the Purchase Agreement (as hereinafter defined).

W I T N E S S E T H:

WHEREAS, Assignor owns all right, title, and interest in and to the trademarks and service marks listed on the attached Schedule A, all applications and registrations pertaining thereto and all common law rights associated therewith, together with all goodwill arising from the use of and symbolization by said trademarks (the "Trademarks");

WHEREAS, Assignor and Assignee, among others, are parties to that certain Asset Purchase Agreement, dated as of the date hereof (as the same has been amended, modified or supplemented from time to time, the "Purchase Agreement"), pursuant to which, among other things, Assignor has agreed to assign to Assignee all of its right, title and interest in and to the Trademarks; and

WHEREAS, Assignor and Assignee now desire to carry out the intent and purpose of the Purchase Agreement by the execution and delivery of this Assignment evidencing the assignment, sale and transfer to the Assignee of the Trademarks.

NOW, THEREFORE, pursuant to the terms and conditions of the Purchase Agreement and for good and valuable consideration, including the provisions and covenants herein and therein, the receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee agree as follows:

1. Assignor hereby sells, conveys, transfers, assigns and delivers to Assignee, free and clear of all Liens, other than Permitted Liens, all of Assignor's right, title and interest in and to the Trademarks throughout the world, including without limitation the goodwill of the business appurtenant thereto and which is symbolized thereby, that portion of the business to which the Trademarks pertain, including the right to license others under the Trademarks and the right to renew any trademark registration which shall issue from any application included in the Trademarks, to be held and enjoyed by Assignee for its own use and benefit and for the use and benefit of its successors, assigns and legal representatives, to be used as fully and entirely as said rights would have been held and enjoyed by Assignor had this assignment and sale not been made, together with all claims for damage by reason of past or future infringement of said Trademarks, with the right to sue and collect the same for its own use or for the use of its successors, assigns or other legal representatives.

2. This Assignment shall be construed, performed and enforced in accordance with, and governed by, the laws of the State of New Jersey, without giving effect to the principles of conflicts of laws thereof.

3. Nothing herein contained shall itself change, amend, extend or alter (nor shall it be deemed or construed as changing, amending, extending or altering) the terms and conditions set forth in the Purchase Agreement in any manner whatsoever. This instrument does not create or establish liabilities or obligations not otherwise created or existing under or pursuant to the terms and conditions set forth in the Purchase Agreement. In the event of any conflict or other difference between the Purchase Agreement and this instrument, the provisions of the Purchase Agreement shall control.

4. This Assignment may be executed simultaneously in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.

5. Assignor hereby agrees to execute upon the request of Assignee, such additional documents as are necessary to register and otherwise give full effect to and to perfect the rights of Assignee under this Assignment in and to the Trademarks worldwide, including all documents necessary to register in the name of Assignee the assignment of the Trademarks with the United States Patent & Trademark Office and, with respect to any equivalent foreign rights, with any other appropriate foreign or international office or registrar, and assist, at Assignee's expense, in any proceedings relating to Assignee's right, title, interest and benefit in and to the Trademarks.
