This TRADEMARK SECURITY AGREEMENT, dated as of January 31, 2007 (as amended, amended and restated, supplemented or otherwise modified from time to time in accordance with the provisions hereof, this "Trademark Security Agreement") among TOTES ISOTONER HOLDINGS, CORP., a Delaware corporation ("Parent"), TOTES HOLDINGS, INC., a Delaware corporation ("Holdings"), TOTES ISOTONER CORPORATION, an Ohio corporation, formerly known as Totes, Inc. (the "Borrower"), and the Guarantors from time to time party hereto (the "Guarantors"), as pledgors, assignors and debtors (the Borrower, Parent and Holdings, together with the Guarantors, in such capacities and together with any successors in such capacities, the "Pledgors," and each, a "Pledgor"), in favor of GENERAL ELECTRIC CAPITAL CORPORATION, in its capacity as collateral agent pursuant to the Credit Agreement (as hereinafter defined), as pledgee, assignee and secured party (in such capacities and together with any successors in such capacities, the "Collateral Agent"). Terms defined in the Credit Agreement or the Security Agreement (as each are hereinafter defined) and not otherwise defined herein are used herein as defined in the Credit Agreement or the Security Agreement (as each are hereinafter defined), as applicable;

WHEREAS, the Borrower, Parent, Holdings, the Guarantors, Credit Suisse, acting through its Cayman Islands Branch, as administrative agent (the "Administrative Agent"), the Collateral Agent and the lending institutions listed therein (the "Lenders") have, in connection with the execution and delivery of the Security Agreement, entered into that certain credit agreement, dated as of January 31, 2007 (as amended, amended and restated, supplemented or otherwise modified from time to time, the "Credit Agreement");

WHEREAS, the Lenders have entered into that certain Intercreditor Agreement dated as of the date hereof by and among Parent, Holdings, the Borrower, the subsidiary guarantors party thereto, and the Administrative Agent, amongst others, (as amended, restated, supplemented or otherwise modified from time to time, the "Intercreditor Agreement")

WHEREAS, the Pledgors are party to a Security Agreement of even date herewith (as amended and restated, supplemented or otherwise modified from time to time, the "Security Agreement") in favor of the Collateral Agent pursuant to which the Pledgors are required to execute and deliver this Trademark Security Agreement;

WHEREAS, under the terms of the Security Agreement, as collateral security for the payment in full of all the Secured Obligations, each Pledgor pledged and granted to the Collateral Agent for the benefit of the Secured Parties, a lien on and security interest in all of the

right, title and interest of such Pledgor in, to and under certain property, including the Intellectual Property Collateral.

NOW THEREFORE, in consideration of the foregoing premises and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, each Pledgor hereby agrees as follows:

SECTION 1. Grant of Security. As collateral security for the payment in full of all the Secured Obligations, each Pledgor hereby pledges and grants to the Collateral Agent for the benefit of the Secured Parties, a lien on and security interest in all of the right, title and interest of such Pledgor in, to and under all of the following Collateral now owned or at any time hereafter acquired by such Pledgor or in which such Pledgor now has or at any time in the future may acquire any right, title or interest (other than (i) any Trademark applications filed in the United States Patent and Trademark Office on the basis of such Grantor's "intent-to-use" such trademark, unless and until acceptable evidence of use of the Trademark has been filed with the United States Patent and Trademark Office pursuant to Section 1(c) or Section 1(d) of the Lanham Act (15 U.S.C. 1051, et seq.), (x) except to the extent there is a change in law such that granting a lien in such Trademark application prior to such filing would not adversely affect the enforceability or validity of such Trademark application; and (y) provided that any such Trademark applications shall automatically be included in the Collateral upon the filing of acceptable evidence of use of such Trademark, and (ii) any Intellectual Property, including without limitation, intent-to-use trademark applications as provided in (i) above, for which the creation by a Pledgor of a security interest therein is prohibited without the consent of a third party (to the extent such consent is not obtained or by law (other than to the extent that any restriction on such assignment would be rendered ineffective pursuant to Sections 9-406, 9-407, 9-408 or 9-409 of the UCC (or any successor provision or provisions) or any relevant jurisdiction or any other applicable law)) (collectively, the "Trademark Collateral"):

(a) all U.S. and foreign trademarks (including service marks), slogans, logos, certification marks, trade dress, uniform resource locations (URL's), domain names, corporate names, trade names and other source or business identifiers, whether registered or unregistered, owned by or assigned to such Pledgor and all registrations and applications for the foregoing (whether statutory or common law and whether established or registered in the United States or any other country or any political subdivision thereof), including but not limited to the trademarks and applications for any of the foregoing listed in Schedule A hereto, together with any and all (i) rights and privileges arising under applicable law with respect to such Pledgor's use of any trademarks, (ii) reissues, continuations, extensions and renewals thereof and amendments thereto, (iii) proceeds thereof, including, without limitation, all income, fees, royalties, damages and payments now and hereafter due and/or payable thereunder and with respect thereto, including damages, claims and payments for past, present or future infringements, dilution or other violation thereof, (iv) rights corresponding thereto throughout the world and (v) rights to sue for past, present and future infringements, dilution or other violation thereof;

(b) all Intellectual Property Licenses of such Pledgor relating to any trademarks or service marks; and

(c) to the extent not covered by the foregoing, (i) all Proceeds and products of each of the foregoing and all accessions to, substitutions and replacements for, and rents, profits and products of, each of the foregoing, and, except as otherwise provided in the Credit Agreement, any and all Proceeds of any insurance, indemnity, warranty or guaranty payable to such Pledgor from time to time with respect to any of the foregoing, and (ii) the goodwill connected with such Pledgor's business including all goodwill connected with the use of and symbolized by any of the foregoing in which such Pledgor has any interest.

SECTION 2. Security for Obligations. The grant of a lien on and security interest in, the Trademark Collateral by each Pledgor under this Trademark Security Agreement secures the payment in full and performance of all the Secured Obligations of such Pledgor now or hereafter existing under or in respect of the Loan Documents.

SECTION 3. Recordation. Each Pledgor authorizes and requests that the Commissioner of Trademarks and any other applicable government officer record this Trademark Security Agreement in the United States Patent and Trademark Office, or other applicable government office or registrar.

SECTION 4. Execution in Counterparts. This Trademark Security Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

SECTION 5. Grants, Rights and Remedies. This Trademark Security Agreement has been entered into in conjunction with the provisions of the Security Agreement. Each Pledgor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Collateral Agent with respect to the Trademark Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein.

SECTION 6. Termination. When all the Secured Obligations have been paid in full and the Commitments of the Lenders to make any Loan or to issue any Letter of Credit under the Credit Agreement shall have expired or been sooner terminated and all Letters of Credit have been terminated or cash collateralized in accordance with the provisions of the Credit Agreement and the Intercreditor Agreement, this Agreement shall terminate. Upon termination of this Agreement the Trademark Collateral shall be released from lien and security interest pledged and granted herein.

SECTION 7. Governing Law. This Trademark Security Agreement shall be governed by, and construed in accordance with, the laws of the State of New York.

IN WITNESS WHEREOF, each Pledgor has caused this Trademark Security Agreement to be duly executed and delivered by their duly authorized officers as of the date first above written.
