ASSIGNMENT OF TRADEMARKS

Introduction

This ASSIGNMENT OF TRADEMARKS (this "Assignment") is dated and made as of the final date to appear on the signature page hereto, by and between NORTH SAFETY PRODUCTS L.L.C., a Delaware limited liability company ("Assignor"), and SALISBURY ELECTRICAL SAFETY L.L.C., a Delaware limited liability company ("Assignee").

Recitals

Assignor desires to transfer and assign to Assignee, and Assignee desires to accept the transfer and assignment of, all of Assignor's right, title and interest in, to and under Assignor's registered and unregistered trademarks related to the business of Assignee in the United States of America, and the territories and possessions thereof, and all registrations and registration applications associated therewith.

Each of the foregoing are listed on Schedule "A" annexed hereto and incorporated herein by reference (all of the foregoing being referred to herein as the "Marks"). Schedule "A" is a complete listing of all registered and unregistered Marks assigned by this Assignment.

Assignment

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby irrevocably and unconditionally transfer and assign to Assignee, and Assignee does hereby accept such transfer and assignment, all of Assignor's right, title and interest in, to, and under (i) the Marks, together with the goodwill associated therewith and which is symbolized thereby, and any and all renewals and extensions thereof that may hereafter be secured, now or hereafter in effect, and (ii) all claims and causes of action for damages and other relief by Assignor by reason of all past and future infringements, dilutions, and other violations of any and all rights under such Marks along with Assignor's right to sue under such claims and to collect and enjoy damages, benefits, and other remedies resulting therefrom, all the foregoing to be held and enjoyed by Assignee, its successors and assigns from and after the date hereof as fully and entirely as the same would have been held and enjoyed by Assignor had this Assignment not been made.

Assignor agrees to assist Assignee by executing such other instruments and taking such other actions as requested by Assignee to vest sole and exclusive ownership of the Marks in Assignee's name and to otherwise give full effect to the rights granted to Assignee hereunder.

Assignor hereby authorizes and requests the Director of the U.S. Patent and Trademark Office, and the similar authorities in all trademark, intellectual property, or other offices where any of the registration applications included in the Marks have been or may be filed, to issue any registrations arising from said applications to Assignee for its sole use and advantage; and for the use and advantage of its legal representatives and assigns, to the full end of the term, and any extensions thereof, for which such registrations may be granted, as fully and entirely as the same would have been held by Assignor had this Assignment not been made.

Assignor hereby authorizes Assignee to file this Assignment and any other documents relating thereto with the U.S. Patent and Trademark Office and the trademark, intellectual property, or other offices where any registrations or registration applications for Marks have been or may be filed or issued for purposes of having the Assignment recorded therein and to place sole and exclusive right, title, and interest in and to such Marks in the name of Assignee. This Assignment is effective as of June 15, 2007.

Except to the extent that federal law preempts state law with respect to the matters covered hereby, this Assignment shall be governed and construed in accordance with the laws of the State of Illinois, without giving effect to any choice of law provisions thereof.

IN WITNESS WHEREOF, each party has caused its duly authorized officer to execute this Assignment as of the date set forth below.
