4. all rights corresponding thereto throughout the world.

From time to time from and after the execution of this Trademark and Copyright Assignment, at the request of either party hereto, and at the expense of the party so requesting, each of the parties hereto shall execute and deliver to such requesting party such documents and take such other action as such requesting party may reasonably request in order to consummate more effectively the transactions contemplated hereby.

The Assignor authorizes and requests the Registrar of Copyrights in the United States and the head of any foreign Copyright Office to issue all copyright registrations which it may issue on an application for any copyright to the Assignee, its successors and assigns, in accordance with this Assignment.
