CONCRELISTO®

CHILE Abandoned. Filed Trademark Application Serial No. 354949 on September 10, 1996 in Class 19 for "CONCRETE MIX." Oppositions against this application were filed by Hormigonos Premix S.A. (CONCREMIX) and Sika S.A. on the grounds that the mark was generic and of ordinary use for products in Class 19. Our local counsel filed a reply to the oppositions although local counsel indicated in letter 9-24-97 that there is little chance of overcoming the oppositions. Mr. Winchester instructed us to proceed on 9-25-97. Letter from local counsel 4-19-99 indicates that the Chilean Institute of Industrial Property has "considered grounded" the opposition of Sika S.A. and accordingly has rejected our application on the grounds of being descriptive, lacking of novelty and of common use to designate products in Class 19. The chances of success on appeal were poor and Quikrete decided not to appeal. Because the application was rejected on descriptiveness grounds, Quikrete can still use the mark in Chile. However, we will not be able to prevent others from using it.
