**intellectual property security agreement
(u.s. TRADEMARKS)**

THIS AGREEMENT (this "Agreement"), effective as of July 23, 2007, is entered into between Simdesk Technologies, Inc., a Nevada corporation formerly known as Internet Access Technologies, Inc., (the "Company") and Altazano Management, LLC, a Texas limited liability company, as collateral agent (together with its successors and assigns in such capacity, the "Collateral Agent").

WITNESSETH:

WHEREAS, the Company and the Collateral Agent have entered into an Amended and Restated Intellectual Property Security Agreement dated as of July 23, 2007 and a Second Amended and Restated Intellectual Property Security Agreement dated as of February 11, 2008 (which, as they may be amended or modified from time to time, are collectively referred to herein as the "Security Agreements"; capitalized terms used herein, but not expressly defined herein, shall have the meanings given to such terms in the Security Agreements) pursuant to which the Company has granted to the Collateral Agent a continuing security interest in all of the IP Collateral to secure all the Secured Obligations;

WHEREAS, the IP Collateral includes, but is not limited to, certain Trademarks that are registered with the U.S. Patent and Trademark Office ("PTO") or for which the Company has applied for registration with the PTO, as more particularly described on Schedule A annexed hereto (the "PTO Registered Trademarks"); and

WHEREAS, pursuant hereto, the Company and the Collateral Agent wish to evidence and reflect as a matter of public record at the PTO the existence of the security interest granted by the Company to the Collateral Agent in the PTO Registered Trademarks pursuant to the Security Agreements.

NOW, THEREFORE, in connection with the foregoing premises, the Company and the Collateral Agent agree as follows:

1. Incorporation of Terms. All terms of the Security Agreements are hereby deemed incorporated by reference herein and are made an integral part hereof. This Agreement is intended by the parties to be a supplement to the Security Agreements, and not a novation thereof, or a modification of or amendment to any terms contained therein.
2. Grant and Pledge. To secure the payment, performance and observance of the Secured Obligations, the Company hereby grants, assigns, pledges, hypothecates and affirms to the Collateral Agent a continuing security interest in (and confirms the continuing security interest created under the Security Agreements in) all of the PTO Registered Trademarks, together with all substitutes and accessions thereof or thereto, all renewals thereof, and all proceeds thereof.

3. Termination. This Agreement shall terminate, and all rights to PTO Registered Patents shall revert to the Company, simultaneously with the termination of all of the Security Agreements in accordance with their terms.

IN WITNESS WHEREOF, the parties hereto have caused this Agreement to be duly executed and delivered by its officer thereunto duly authorized as of the date indicated below.
