ASSIGNMENT OF INTELLECTUAL PROPERTY

This Assignment of Intellectual Property (the "Assignment"), dated as of October 31, 2007, is made and entered into by and between GMD PROPERTIES, INC., a Texas corporation ("Assignor"), and GMD ACQUISITION CORP., a Delaware corporation ("Assignee").

RECITALS

Assignor is the owner of intellectual property, including, without limitation, inventions, designs, licenses, patents, patent applications, service marks, service mark applications, service names, trademarks, trademark applications, trade names, trade dress, trade secrets, net names (collectively, the "Property"), that Assignor desires to transfer to Assignee.

NOW, THEREFORE, in consideration of the foregoing, the mutual promises hereafter set forth, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

1. Assignment.

1.1. General. Assignor assigns, conveys, and transfers unto Assignee Assignor's entire worldwide right, title, and interest in and to the Property. Schedule A attached hereto includes a nonexhaustive listing of the Property.

1.2. Patents. Without limiting the generality of Section 1.1,

(a) Assignor assigns, conveys, and transfers unto Assignee Assignor's current entire worldwide right, title, and interest in and to the inventions and the subject matter disclosed in the patents and patent applications included in the Property, and in and to all letters patent domestic or foreign issued or to be obtained thereon, all related reissues, divisions, continuations, continuations-in-part, revisions, extensions, reexaminations, and any patent application claiming priority to any of the aforementioned applications, including all rights and interests with priority rights under the Paris Convention for the Protection of Industrial Property, the International Patent Cooperative Union, European Patent Convention, Common Market Convention, or any other convention or Union for each country of said Convention or Union and all licenses related to any of the foregoing, as well as the right to recover for past infringement of such patents and any prior breach of such licenses.

(b) Assignor authorizes and requests the Commissioner of Patents of the United States Patent and Trademark Office and any similar governmental authority in a foreign jurisdiction to issue to Assignee, its successors and assigns, all letters patent domestic and foreign granted upon the subject matter transferred herewith.

1.3. Trademarks. Without limiting the generality of Section 1.1,

(a) Assignor assigns, conveys, and transfers unto Assignee Assignor's current entire worldwide right, title, and interest in and to all domestic and foreign registrations and applications for registration of the trademarks, service marks, trade dress, and trade names

included in the Property, all domestic and foreign unregistered trademarks, service marks, trade dress, and trade names included in the Property, all renewals and extensions of any of the foregoing, the right to recover for past infringement of any of the foregoing, the entire goodwill of the business associated with which is symbolized by the foregoing, and all licenses related to any of the foregoing (including the right to recover for any prior breach thereof).

(b) Assignor authorizes and requests the United States Patent and Trademark Office and any similar foreign or domestic governmental authority to transfer to Assignee, its successors and assigns, record ownership of such registrations and/or applications, and to issue to Assignee, its successors and assigns, all Certificates of Registration, foreign or domestic, arising from the applications.

2. Further Assurances.

Assignor and Assignee agree to execute such additional documents and to perform such additional tasks as are required to effectuate the terms of this Assignment, including without limitation, the execution and filing of any documents necessary to transfer to Assignee and its successors and assigns all of Assignor's rights in the Property in the countries in which such Property is protected.
