ASSIGNMENT OF MARKS

THIS ASSIGNMENT OF MARKS (this "Assignment") is made as of October 31, 2008 by and between FUTURE GRAPHICS, LLC, a California limited liability company ("Assignor"), and FUTURE GRAPHICS IMAGING CORPORATION, a Delaware corporation ("Assignee").

WHEREAS, Assignor has adopted, used and is using, and is the owner of all of the right, title, and interest in, to and under, the trademarks and service marks described on Schedule 1 attached hereto (the "Assigned Marks");

WHEREAS, Assignor and Assignee are parties to that certain Asset Purchase Agreement dated September 23, 2008 (the "Purchase Agreement") pursuant to which Assignee will purchase certain assets of Assignor, including all of Assignor's rights, title and interest to the Assigned Marks; and

WHEREAS, Assignee desires to acquire any and all rights that Assignor may have throughout the world in and to the Assigned Marks and the registrations therefor, together with the goodwill of the business in connection with which the Assigned Marks are used and which is symbolized by the Assigned Marks, throughout the world, along with the right to recover for damages and profits for any past, present, or future infringements thereof.

NOW, THEREFORE, in consideration of the foregoing premises and the mutual covenants and agreements contained herein and in the Purchase Agreement, the parties hereby agree as follows:

1. Capitalized terms used and not otherwise defined herein shall have the same meaning as used in the Purchase Agreement.
2. Assignor hereby transfers, assigns, conveys and delivers to Assignee, its successors and assigns, all of Assignor's legal and equitable right, title and interest in, to, and under the Assigned Marks (including the registrations thereof and applications therefor (wherever filed)), together with the goodwill of the business in connection with which the Assigned Marks are used and which is symbolized by the Marks, throughout the world, along with the right to recover for damages and profits for past, present, or future infringements thereof.
3. Assignor agrees to execute and deliver, at the request of Assignee, all papers, instruments, and assignments, and to perform any other reasonable acts Assignee may require, in order to vest all Assignor's rights, title, and interest in and to the Assigned Marks to Assignee and/or provide evidence to support any of the foregoing in the event such evidence is necessary to effectuate this Assignment, to the extent such evidence is in the possession or control of Assignor.
4. Assignor hereby agrees that this Assignment may be recorded with the United States Patent and Trademark Office and any other office deemed applicable by the Assignee,

and, accordingly, that Assignee will be reflected as the successor in title to the Assigned Marks and all applications and registrations therefor.

5. The terms, covenants and provisions of this Assignment shall be binding upon, inure to the benefit of, and be enforceable by, the respective successors and assigns of Assignor and Assignee to the same extent as if each such successor and assign were named a party hereto.

6. This Agreement may be executed in one or more counterparts, each of which will be deemed to be an original copy of this Agreement and all of which, when taken together, will be deemed to constitute one and the same agreement. The exchange of copies of this Agreement and of signature pages by attachment of a PDF file to e-mail shall constitute effective execution and delivery of this Agreement as to the parties and may be used in lieu of the original Agreement for all purposes.
