ASSIGNMENT OF TRADEMARK SECURITY INTEREST

This ASSIGNMENT OF TRADEMARK SECURITY INTEREST, dated as of February 8, 2010 (the "Assignment"), is executed by and among JP MORGAN CHASE BANK, N.A., a national association organized under the laws of the United States (the "Assignor"), TI AUTOMOTIVE LIMITED (the "Parent") and WILMINGTON TRUST (LONDON) LIMITED in its capacity as the Agent (in such capacity, together with its successors and assignees, the "Agent") for its benefit and the benefit of the Lenders under the Security Agreements defined below.

WHEREAS, the Assignor hereto has executed the Security Agreement dated as of June 29, 2007 (the "Original Security Agreement"), pursuant to which the Assignor was granted a security interest in certain trademark collateral, including those trademark registrations, applications and licenses set forth in Schedule I of this agreement (such interest, the "Security Interest"),

WHEREAS, the Assignor has been replaced by the Agent under the Original Security Agreement pursuant to the Deed of Retirement, Accession and Appointment dated December 7, 2009 between, among others, the Parent, the Assignor and the Agent, and the Agent is to acquire all of Assignor's right, title and interest in and to the Security Interest, and Assignor wishes to so assign such right, title and interest to Agent; and

NOW THEREFORE, for good and valuable consideration the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows.

Section 1 Assignment of Security Interest.

(a) Assignor hereby irrevocably assigns, transfers, conveys and delivers to Agent and its successors and assigns, and Agent hereby accepts from Assignor, all of Assignor's right, title and interest in and to the Security Interest, including, without limitation, all of Assignors rights thereunder

(b) The Security Interest assigned to the Agent herein is granted in furtherance, and not in limitation of, the security interests granted to the Agent pursuant to the Original Security Agreement as amended and restated on 7 December 2009 pursuant to (i) the pledge and security agreement for the benefit of the senior finance parties between, among others, the TI Group Automotive Systems, L.L.C. ("TIGAS") and the Agent and (ii) the pledge and security agreement for the benefit of the convertible finance parties between, among others, TIGAS and the Agent (collectively, the "Security Agreements"). Assignor and Parent hereby acknowledge and affirm that the rights and remedies of the Agent with respect to the Security Interest are more fully set forth in the Security Agreements. In the event of any conflict between the terms of this Assignment and the Security Agreements, the terms of the Security Agreements shall govern.

(c) The Parent, on behalf of each of the Grantors (as defined in the Security Agreements), authorizes and requests the filing and recordation of the assignment of the Security Interest in the trademarks listed in Schedule I hereto with the United States Patent and Trademark Office.

Section 2. Incorporation by Reference. The provisions of the Security Agreements are hereby incorporated by reference, and shall remain in full force and effect.
