ASSIGNMENT OF TRADEMARKS

This ASSIGNMENT OF TRADEMARKS (this “Assignment”) is made and entered into as of this 30th day of April, 2010, by and among Bank of America Corporation, a Delaware corporation (“Assignor”), in favor of Ameriprise Financial, Inc., a Delaware corporation (“Assignee”), for its benefit. Assignor and Assignee are collectively referred to herein as the “Parties” and each individually as a “Party.”

WITNESSETH:

WHEREAS, Assignor and Assignee and certain other parties are parties to a Purchase Agreement (the “Purchase Agreement”) dated as of September 29, 2009, pursuant to which Assignee has acquired all of Assignor’s right, title and interest in and to all of the Transferred Intellectual Property (as defined in the Purchase Agreement);

WHEREAS, Assignor owns and has good title in, to and under the United States trademark registrations and applications for registration identified and set forth on Schedule I and Schedule II hereto, respectively, the unregistered trademarks and service marks set forth on Schedule III and the foreign trademark and service mark registrations and applications for registration set forth on Schedule IV (all such registered and unregistered trademarks and service marks and applications for registration of the same are referred to collectively as the “Assigned Trademarks”); and

WHEREAS, upon the closing of the transactions contemplated by the Purchase Agreement, the Assignee will become the successor to that portion of the business of the Assignor to which the Assigned Trademarks pertain, and such business is ongoing and existing.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor and Assignee each hereby agree as follows:

1. Assignment. Assignor hereby sells, assigns, transfers, conveys and delivers to Assignee and its successors and assigns, and Assignee hereby purchases and accepts from Assignor, the entire right, title and interest in, to and under the Assigned Trademarks, including, without limitation, all past and present goodwill associated therewith or symbolized thereby, all common law rights thereto, all registrations of record in any jurisdiction or country that have been or may be granted thereon, including all renewals and extensions of the registrations that are or may be secured. all applications for registrations thereof, all income, royalties, damages and payments now or hereafter due or payable with respect to the Assigned Trademarks, together with all claims for damages and the right to sue and recover damages for its own use and benefit for future, present or past infringements or other unauthorized use thereof in any jurisdiction or country and to fully and entirely stand in the place of Assignor in all matters related thereto. This Assignment is in accordance with and is subject to all of the terms and conditions set forth in the Purchase Agreement (which Purchase Agreement shall govern in the event of a conflict between the terms hereof and those set forth in the Purchase Agreement). Assignor requests the Commissioner of Patents and Trademarks to record Assignee as the assignee and owner thereof.

2. Further Assurances. Assignor agrees, with the cost to be born fifty percent by Assignor and fifty percent by Assignee, to execute and deliver such other documents and to take

all such other actions which Assignee, its successors and assigns may reasonably request to effect the terms of this Assignment and to execute and deliver any and all affidavits, testimonies, declarations, oaths, samples, exhibits, specimens and other documentation as may be reasonably required to effect the terms of this Assignment.

3. No Warranties. Except as expressly provided in the Purchase Agreement, Assignor makes no warranties, express or implied, with respect to the Assigned Trademarks.

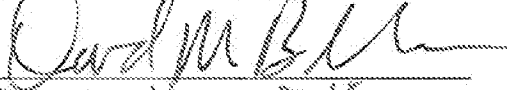

4. Recordation. The Parties agree that Assignee may record this Assignment in the United States Patent and Trademark Office and/or the applicable foreign authorities to record Assignee as the assignee and owner of the Assigned Trademarks.

5. Miscellaneous. This Assignment shall be governed by, and construed in accordance with, the laws of the State of New York applicable to contracts made and to be performed entirely in such state without regard to principles of conflicts or choice of laws or any other law that would make the laws of any other jurisdiction other than the State of New York applicable hereto. This Assignment may not be supplemented, altered or modified in any manner except by a writing signed by the Parties hereto. The failure of any Party to enforce any terms or provisions of this Assignment shall not waive any of its rights under such terms or provisions. This Assignment shall bind and inure to the benefit of the respective Parties and their assigns, transferees and successors. This Assignment and any amendments hereto may be executed in one or more counterparts, each of which shall be deemed an original but all of which together will constitute on and the same instrument.
