W I T N E S S E T H:

WHEREAS, pursuant to the Indenture, the Issuers have issued 8.875% senior secured notes due 2017 (the "Notes");

WHEREAS, in connection with the Indenture, the Guarantors have executed and delivered a Pledge and Security Agreement, dated as of December 13, 2010, in favor of the Agent (together with all amendments and modifications, if any, from time to time thereafter made thereto, the "Security Agreement");

WHEREAS, pursuant to the Security Agreement, each Grantor pledged, collaterally assigned, and granted to the Agent, on behalf of and for the ratable benefit of the Secured Parties, a security interest in all of its right, title and interest in, to and under all Intellectual Property, including the Trademarks of such Grantor; and

WHEREAS, each Grantor has duly authorized the execution, delivery and performance of this Agreement;

NOW THEREFORE, each Grantor hereby agrees with the Agent, for the ratable benefit of the Secured Parties, as follows:

SECTION 1. Definitions. All capitalized terms used herein and not otherwise defined shall have the meanings assigned to such terms in the Indenture and the Security Agreement, as applicable.

SECTION 2. Grant of Security Interest. Each Grantor hereby pledges, collaterally assigns, and grants to the Agent, for the ratable benefit of the Secured Parties, a security interest in all of such Grantor's right, title and interest in, to and under the following: (i) all United States and Canadian

trademarks, trade names, corporate names, company names, business names, fictitious business names, trade styles, service marks, domain names, logos and other source or business identifiers, and all goodwill connected with the use of and symbolized thereby, now existing or hereafter adopted or acquired, all registrations and recordings thereof, and all applications in connection therewith, all common-law rights related thereto, including, without limitation, any of the foregoing referred to on Schedule A hereto, and (ii) the right to obtain all renewals thereof (collectively, the "Trademark Collateral"); provided, however, that notwithstanding any of the other provisions set forth in this Section 2, this Agreement shall not constitute a grant of a security interest in any property to the extent that such grant of a security interest is prohibited by any Requirement of Law of a Governmental Authority, requires a consent not obtained of any Governmental Authority pursuant to such Requirement of Law or is prohibited by, or constitutes a breach or default under or results in the termination of or requires any consent not obtained under, any contract, license, agreement, instrument or other document evidencing or giving rise to such property or, in the case of any Investment Property, Pledged Stock or Pledged Note, any applicable shareholder or similar agreement, except to the extent that such Requirement of Law or the term in such contract, license, agreement, instrument or other document or shareholder or similar agreement providing for such prohibition, breach, default or termination or requiring such consent is ineffective under applicable law; provided, further, that notwithstanding anything herein to the contrary, in no event shall the Trademark Collateral include or the security interest granted under this Section 2 attach to (i) any rights or property acquired under or in connection with a lease, license, contract, property right or agreement (or any of its rights or interests thereunder) solely if and to the extent that the grant of the security interest shall, after giving effect to Sections 9-406, 9-407, 9-408 or 9-409 of the New York UCC (or any successor provision or provisions) or any other applicable law, constitute or result in (A) the abandonment, invalidation or unenforceability of any right, title or interest of such Grantor therein or (B) a breach or termination pursuant to the terms of, or a default under, any such lease, license, contract, property right or agreement, provided that, immediately upon the ineffectiveness, lapse or termination of any such provision, the Trademark Collateral shall include, and such Grantor shall be deemed to have granted a security interest in, all such rights and interests as if such provision had never been in effect; provided further that the proceeds therefrom shall not be excluded from the definition of Trademark Collateral to the extent that the assignment of such proceeds is not prohibited, (ii) any applications for Trademarks filed in the United States Patent and Trademark Office on the basis of such Grantor's intent to use such mark pursuant to 15 U.S.C. § 1051 Section 1(b) and for which a form evidencing use of the mark in interstate commerce has not yet been filed with the United States Patent and Trademark Office pursuant to 15 U.S.C. § 1051 Section 1(c) and (1)(d), to the extent that granting a security interest in such Trademark application prior to such filing would adversely affect the enforceability or validity of such Trademark application, and (iii) any of the outstanding capital stock of a Foreign Subsidiary (to the extent such capital stock is pledged hereunder to secure the obligations of US Loan Parties) in excess of 66% of the voting power of all classes of capital stock of such Foreign Subsidiary entitled to vote.

SECTION 3. Purpose. This Agreement has been executed and delivered by each Grantor for the purpose of recording the grant of security interest herein with the United States Patent and Trademark Office and the Canadian Intellectual Property Office. The security interest granted hereby has been granted to the Secured Parties in connection with the Security Agreement and is expressly subject to the terms and conditions thereof. The Security Agreement (and all rights and remedies of the Secured Parties thereunder) shall remain in full force and effect in accordance with its terms.

SECTION 4. Acknowledgment. Each Grantor does hereby further acknowledge and affirm that the rights and remedies of the Secured Parties with respect to the security interest in the Trademark Collateral granted hereby are more fully set forth in the Indenture and the Security Agreement, the terms and provisions of which (including the remedies provided for therein) are incorporated by reference herein as if fully set forth herein. In the event of any conflict between the terms of this Agreement and the terms of the Security Agreement, the terms of the Security Agreement shall govern.

SECTION 5. Governing Law. THIS AGREEMENT AND THE RIGHTS AND OBLIGATIONS OF THE PARTIES UNDER THIS AGREEMENT SHALL BE GOVERNED BY, AND

CONSTRUED AND INTERPRETED IN ACCORDANCE WITH, THE LAW OF THE STATE OF NEW YORK, BUT GIVING EFFECT TO FEDERAL LAWS APPLICABLE TO NATIONAL BANKS.

SECTION 6. Counterparts. This Agreement may be executed in any number of counterparts, all of which taken together shall constitute one agreement, and any of the parties hereto may execute this Agreement by signing any such counterpart.

SECTION 7. The ABL Intercreditor Agreement. Notwithstanding anything herein to the contrary, the liens and security interests granted to the Note Collateral Agent for the ratable benefit of the Secured Parties pursuant to the Security Agreement or any other Note Document and the exercise of any right or remedy by the Note Collateral Agent or any Secured Party hereunder is subject to the provisions of the ABL Intercreditor Agreement. In the event of any conflict between the terms of the ABL Intercreditor Agreement and the Security Agreement, the terms of the ABL Intercreditor Agreement shall govern and control with respect to any right or remedy. Without limiting the generality of the foregoing, and notwithstanding anything herein to the contrary, all rights and remedies of the Note Collateral Agent (and the Secured Parties) shall be subject to the terms of the ABL Intercreditor Agreement, and until the Discharge of ABL Obligations, (i) no Grantor shall be required hereunder to take any action with respect to ABL Priority Collateral that is inconsistent with such Grantor's obligations under the ABL Documents and (ii) any obligation of any Grantor hereunder with respect to the delivery or control of any ABL Priority Collateral, the novation of any lien on any certificate of title, bill of lading or other document, the giving of any notice to any bailee or other Person, the provision of voting rights or the obtaining of any consent of any Person, in each case, with respect to ABL Priority Collateral, shall be deemed to be satisfied if the Grantor complies with the requirements of the similar provision of the applicable ABL Loan Document. Until the Discharge of ABL Obligations, the Note Collateral Agent may not require any Grantor to take any action with respect to the creation, perfection or priority of its security interest in any ABL Priority Collateral, whether pursuant to the express terms hereof or pursuant to the further assurances provisions hereof, unless the US ABL Collateral Agent shall have required such Grantor to take similar action pursuant to the terms of the ABL Intercreditor Agreement, and delivery of any ABL Priority Collateral to the US ABL Collateral Agent pursuant to the ABL Loan Documents and the ABL Intercreditor Agreement shall satisfy any delivery requirement hereunder.

IN WITNESS WHEREOF, each Grantor and the Note Collateral Agent have executed this Security Interest in Trademarks as of the date first above written.
