TRADEMARK SECURITY AGREEMENT

TRADEMARK SECURITY AGREEMENT (the "Agreement") made as of this 15th day of December 2010 by NEWTEK BUSINESS SERVICES, INC. ("Grantor"), in favor of CAPITAL ONE, N.A. ("Grantee").

WITNESSETH

WHEREAS, pursuant to the terms of a certain Security Agreement of even date herewith between Grantor and Grantee (as the same may be amended or otherwise modified from time to time, the "Security Agreement"), Grantor has granted to Grantee a security interest in all of the assets of Grantor, including, without limitation, the Trademark Collateral (as hereinafter defined) to secure, among other things, all of the Guaranteed Obligations (as that term is defined in the Security Agreement).

NOW, THEREFORE, for other good and valuable consideration, receipt and sufficiency of which are hereby acknowledged, Grantor agrees as follows:

1. To secure the payment and performance of the Guaranteed Obligations, Grantor hereby grants to Grantee, and hereby reaffirms its prior grant pursuant to the Security Agreement of, a continuing security interest in Grantor's entire right, title and interest in and to the following (all of the following items or types of property being herein collectively referred to as the "Trademark Collateral"), whether now owned or existing or hereafter created, acquired or arising: any and all of the trademarks, trademark registrations and applications of the Grantor listed in Schedule A hereto (as the same may be amended pursuant hereto from time to time), including, without limitation, any and all reissues, amendments, extensions or renewals thereof and all licenses thereof, any and all rights corresponding to any of the foregoing throughout the world, and the good will of the business to which each of those trademarks relates, and any and all accounts, contract rights, warranties, litigation claims and rights and other general intangibles of the Grantor related to any of the foregoing, in each case whether now existing or hereafter acquired or created, whether owned, leased or licensed beneficially or of record and whether owned, leased or licensed individually, jointly or otherwise, together with the products and proceeds thereof (including any and all license royalties and the proceeds of infringement suits), all payments and other distributions with respect thereto and any renewals, continuations, modifications and extensions of any and all of the foregoing. However, the Bank has not assumed any of the obligations or other liabilities of the Grantor under or respecting the Trademark Collateral, which remain the sole obligation of the Grantor.

The Grantor hereby authorizes the Bank to modify this Agreement (without the signature of the Grantor) by amending Schedule A hereto to include any and all future trademarks, trademark registrations and licenses, which are included as "Trademark Collateral" above.

This Agreement is not intended, and shall not be deemed or construed, to supersede, diminish or change any of the terms or provisions of the Security Agreement or any other document or instrument respecting the Guaranteed Obligations (the "Loan Documents"). All of the Bank's rights, powers, privileges and remedies with respect to the Trademark Collateral, whether established by this Agreement, the Security Agreement, any other Loan Document or applicable law, shall be cumulative and may be exercised singularly or concurrently in such order and manner as the Bank may elect. This Agreement shall continue in full force and effect for so long as any Guaranteed Obligations remain outstanding, and may be terminated, modified, amended or restated only in a document executed by the Bank. This Agreement shall be governed by, and construed and enforced in accordance with, the federal laws of the United States of America and, to the extent such laws are not applicable, the laws of the State of New York without regard to principles of conflicts of law (other than Section 5-1401 of the New York General Obligations Law).
