INTELLECTUAL PROPERTY SECURITY AGREEMENT

THIS INTELLECTUAL PROPERTY SECURITY AGREEMENT is entered into as of April 15, 2011 by and between AWAREPOINT CORPORATION, a Delaware corporation ("*Grantor*") and the secured party listed on the signature page hereof (the "*Secured Party*").

RECITALS

A. Secured Party has made and may in the future make certain financial accommodations to Grantor (the "*Loan*") in the amounts and manner set forth in that certain Senior Subordinated Secured Convertible Promissory Note executed by Grantor in favor of Secured Party (collectively, as the same may be amended, modified or supplemented from time to time, the "*Note*") and that certain Asset Purchase Agreement, of even date hereof, by and among Grantor, Warren B. Mosler and Secured Party (as the same may be amended, modified or supplemented from time to time, the "*Purchase Agreement*"). Secured Party is willing to make the Loan to Grantor, but only upon the condition, among others, that Grantor shall grant to Secured Party a security interest in certain Copyrights, Trademarks and Patents to secure the obligations of Grantor under the Note.

B. Pursuant to the terms of that certain Security Agreement, dated of even date herewith, by and between Grantor and Secured Party (as the same may be amended, modified or supplemented from time to time, the "*Security Agreement*"), Grantor has granted to Secured Party a security interest in all of Grantor's right, title and interest in, to or under all of the Grantor's assets. All capitalized terms used but not otherwise defined herein shall have the respective meanings assigned to them in the Security Agreement.

AGREEMENT

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, and intending to be legally bound, as collateral security for the prompt and complete payment when due of its obligations under the Note, Grantor hereby represents, warrants, covenants and agrees as follows:

To secure its obligations under the Note and under all other agreements now existing or hereafter arising between Grantor and Secured Party, Grantor grants and pledges to Secured Party a security interest in all of Grantor's right, title and interest in, to and under its Intellectual Property (including without limitation those Copyrights, Patents and Trademarks listed on Schedules A, B and C hereto), and including without limitation all proceeds thereof (such as, by way of example but not by way of limitation, license royalties and proceeds of infringement suits), the right to sue for past, present and future infringements, all rights corresponding thereto throughout the world and all re-issues, divisions continuations, renewals, extensions and continuations-in-part thereof.

This security interest is granted in conjunction with the security interest granted to Secured Party under the Security Agreement. The rights and remedies of Secured Party with respect to the security interest granted hereby are subject to the terms of the Security Agreement and are in addition to those set forth in the Security Agreement and the Note, and those which are now or hereafter available to Secured Party as a matter of law or equity. Each right, power and remedy of Secured Party provided for herein or in the Security Agreement or the Note, or now or hereafter existing at law or in equity shall be cumulative and concurrent and shall be in addition to every

right, power or remedy provided for herein and the exercise by Secured Party of any one or more of the rights, powers or remedies provided for in this Intellectual Property Security Agreement, the Security Agreement or the Note, or now or hereafter existing at law or in equity, shall not preclude the simultaneous or later exercise by any person, including Secured Party, of any or all other rights, powers or remedies. In the event that any provision of this Intellectual Property Security Agreement is deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall control.

Grantor represents and warrants that Exhibits A, B, and C attached hereto set forth any and all intellectual property rights in connection to which Grantor has registered or filed an application with either the United States Patent and Trademark Office or the United States Copyright Office, as applicable.

This Intellectual Property Security Agreement may be executed in any number of counterparts, all of which shall constitute one and the same instrument, and any party hereto may execute this Intellectual Property Security Agreement by signing and delivering on or more counterparts.
