INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (this "IP Assignment"), dated as of June 27, 2011 (the "Effective Date"), is made by Seghesio Farms, a California corporation, located at 14730 Grove Street, Healdsburg CA 95448, U.S.A. ("Assignor"), in favor of Pine Ridge Winery, LLC, a Delaware limited liability company, located at 5901 Silverado Trail, Napa CA 94558, U.S.A. ("Assignee"), the Assignee of certain assets of Assignor pursuant to an Asset Purchase Agreement, dated as of May 31, 2011 (the "Purchase Agreement").

Under the terms of the Purchase Agreement, Assignee has succeeded to the business, assets, and appurtenant goodwill of Assignor, and Assignor has conveyed, transferred and assigned to Assignee, among other assets, all intellectual property of Assignor, including without limitation, patents, trademarks, service marks, trade dress, copyrights, domain names, applications and registrations thereto, and intellectual property licenses held by Assignor, and any other intellectual property owned by Assignor and common law rights and goodwill associated therewith (collectively "Intellectual Property"). Assignor has further agreed to execute and deliver this IP Assignment for recording with national, federal and state government authorities such as the United States Patent and Trademark Office and equivalent foreign patent and trademark offices.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor agrees as follows:

1. Assignment. Effective as of the Effective Date, Assignor hereby conveys, transfers and assigns to Assignee all of Assignor's right, title and interest throughout the world in and to the following (the "IP Assets"):
 - (a) all of Assignor's patentable subject matter, patents and patent applications, including but not limited to those set forth in Schedule 1 hereto, and all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations and renewals thereof (the "Patents");
 - (b) all of Assignor's trademarks, service marks, and trade dress, including registrations and applications therefor, including but not limited to those set forth in Schedule 2 hereto, together with the goodwill symbolized thereby and all issuances, extensions and renewals thereof (the "Trademarks"); and all of Assignor's copyrights, including registrations and applications for registration therefor, including but not limited to those

set forth in Schedule 3, as well as the exclusive copyright licenses set forth in Schedule 3 hereto, and all issuances, extensions and renewals of the aforesaid (the "Copyrights");

- (c) all domain names owned or registered by Assignor including but not limited to those set forth in Schedule 4 (the "Domain Names");
- (d) all rights of any kind whatsoever of Assignor accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world;
- (e) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and
- (f) any and all claims, with respect to any of the foregoing, for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Transfer of Related Items. Assignor further agrees to transfer to Assignee without further remuneration, all legal files, documents, and items relating to the foregoing assigned rights or that are associated with the Intellectual Property. Further, Assignor agrees to transfer all Domain Names to Assignee within 2 (two) days of the Effective Date, and within such time Assignor shall complete Assignor's portion of the assignment procedure established by the applicable domain name registrar ("Registrar") and forward the completed template to Assignee (or any other assignment procedure reasonably specified by the Registrar at the time of the assignment) within two (2) days from the Effective Date. Thereafter, Assignee will promptly complete its portion of the assignment procedure and forward the assignment information to the Registrar. In the event that Assignee is unable for any reason whatsoever to secure Assignor's signature or other authorization to any document or electronic form Assignor is required to execute pursuant to this Sections 2, Assignor hereby irrevocably designates and appoints Assignee and its duly authorized officers and agents, as its agents and attorneys-in-fact to act for and on its behalf and instead of Assignor, to execute and file any such document and to do all other lawfully permitted acts to further the purposes of the foregoing with the same legal force and effect as if executed by Assignor, and to provide any account information, passwords, and other information as required to effect the same.

3. Recordation. Assignor authorizes the Commissioner for Patents, the Commissioner for Trademarks, and the Register of Copyrights, and any other

national, federal and state government officials to record and register this IP Assignment upon request by Assignee.

4. Further Actions. Each of the parties hereto shall execute and deliver, at the reasonable request of the other party hereto and without remuneration, such additional documents, instruments, conveyances, and assurances and take such further action as such other party may reasonably request to carry out the provisions hereof and give effect to the transactions contemplated by this IP Assignment. Assignor hereby agrees, upon request of Assignee, and without further remuneration, to promptly provide Assignee with any reasonable assistance relating to perfecting the transfer of all of the rights conveyed herein and vesting of full and complete title in Assignee, and relating to enforcing and defending those rights, including but not limited to executing any and all papers for those purposes, transferring domain names as set forth above, and testifying on Assignee's behalf about this Assignment.
5. Terms of the Purchase Agreement. The terms of the Purchase Agreement, including, but not limited to, the representations, warranties, covenants, agreements and indemnities relating to the IP Assets are incorporated herein by this reference. The parties hereto acknowledge and agree that the representations, warranties, covenants, agreements, and indemnities contained in the Purchase Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. In the event of any conflict or inconsistency between the terms of the Purchase Agreement and the terms hereof, the terms of the Purchase Agreement shall govern.
6. Governing Law. This IP Assignment shall be governed by the laws of the State of California applicable to contracts entered into by California residents and to be performed within such State without regard to its conflict of law provisions.
7. Severability. If any provision of this Assignment or the application thereof is held to be invalid, void or unenforceable for any reason, the remaining provisions not so declared will be construed so as to comply with the law, and will nevertheless continue in full force and effect without being impaired in any manner whatsoever.
8. Binding Effect. This Assignment shall apply to, be binding in all respects upon, and inure to the benefit of Assignor and Assignee and their respective legal representatives, successors and assigns.
