W I T N E S S E T H:

WHEREAS, pursuant to the Credit Agreement, the Lenders have agreed to extend credit to the Borrower subject to the terms and conditions set forth therein;

WHEREAS, in connection with the Credit Agreement, Holdings, Borrower, Intermediate Parent, TDS Intermediate Parent, the Grantors and certain other related entities of the Borrower have executed and delivered that certain Second Lien Intellectual Property Security Agreement, dated as of September 30, 2011, in favor of the Agent (together with all amendments and modifications, if any, from time to time thereafter made thereto, the "IP Security Agreement");

WHEREAS, pursuant to the IP Security Agreement, as security for the payment or performance, as the case may be, in full of the Obligations, including the Guarantees, each Grantor collaterally assigned and pledged, to the Agent, its successors and assigns, for the benefit of the Secured Parties, and granted to the Agent, its successors and assigns, for the benefit of the Secured Parties, a security interest in all right, title or interest in or to any and all of the Collateral, including the Trademarks; and

WHEREAS, each Grantor has duly authorized the execution, delivery and performance of this Agreement.

NOW THEREFORE, for good and valuable consideration, the receipt of which is hereby acknowledged, the Grantors agree, for the benefit of the Agent and the Lenders, as follows:

SECTION 1. Definitions. Unless otherwise defined herein or the context otherwise requires, terms used in this Agreement, including its preamble and recitals, have the meanings provided or provided by reference in the Credit Agreement and the IP Security Agreement.

SECTION 2. Grant of Security Interest. As security for the payment or performance, as the case may be, in full of the Obligations, including the Guarantees, each Grantor hereby collaterally assigns and pledges to the Agent, its successors and assigns, for the benefit of the Secured Parties, and hereby grants to the Agent, its successors and assigns, for the benefit of the Secured Parties, a security interest in all of such Grantor's right, title and interest in, to and under the Trademarks (including, without limitation, those items listed on Schedule A hereto) (collectively, the "Trademark Collateral"); provided, however, that the security interest granted by the Grantors hereunder shall not include any intent-to-use application for a Trademark that may be deemed invalidated, cancelled or abandoned due to the grant and/or enforcement of such security interest unless and until such time that the acceptable evidence of use of such Trademark is filed with the United States Patent and Trademark Office and grant and/or enforcement of the security interest will not affect the status or validity of such application for such Trademark of the resulting registration.

SECTION 3. Purpose.
