INTELLECTUAL PROPERTY ASSIGNMENT

THIS INTELLECTUAL ASSIGNMENT (this "Assignment") is effective as of May 31, 2011, by and between Moll Anderson Home, LLC, a Tennessee limited liability company ("Assignor"), and Moll Anderson Productions, LLC, a Delaware limited liability company ("Assignee"). Assignor and Assignee are referred to herein individually as "Party" and collectively as "Parties".

WHEREAS, Assignor and Assignee are parties to that certain Bill of Sale dated May 31, 2011 (the "Agreement"); and

WHEREAS, pursuant to the Agreement, Assignee acquired all rights to all intellectual property of Assignor (the "Intellectual Property"), including all trademarks and service marks of Assignor, whether the subject of registrations or common law rights, including without limitation, the trademark and service mark registrations identified on Schedule 1 attached hereto and incorporated by this reference (hereinafter referred to as the "Marks"); and

WHEREAS, the Parties desire to enter into this Assignment to effect the purposes contemplated by the Agreement and for the purposes of assigning the Marks and all goodwill related to or symbolized by such Marks from Assignor to Assignee as the successor to Assignor's business.

NOW, THEREFORE, in consideration of the foregoing, the Parties hereby agree as follows:

1. Assignor hereby sells, transfers, conveys, assigns, and delivers to Assignee, and Assignee hereby accepts, all rights, titles, and interests in and to the Intellectual Property, including the Marks, throughout the world, together with the goodwill of the business symbolized by the Marks, including without limitation, any and all causes of action and other rights assertable under the Intellectual Property, including the Marks, the right to sue third parties for infringement of or improper activities regarding the Intellectual Property, including the Marks, and the right to enjoy all of the monetary benefits obtained as a result of any litigation, the same to be held and enjoyed by Assignee, its successors and assigns, as fully and entirely as the same would have been held and enjoyed by Assignor had this Assignment not been made.

2. At any time on or after the date of this Assignment, Assignor agrees to execute and deliver all such further transfers, assignments, conveyances and assurances and take or cause to be taken such actions as may reasonably be requested by Assignee to obtain the full benefit of this Assignment. Assignor further covenants that Assignee will, upon request and without further consideration, be provided promptly with all pertinent facts, documents and specimens relating to the Intellectual Property, including the Marks and all legal equivalents as may be known or accessible to Assignor.

3. It is expressly acknowledged that with respect to the Marks for which registration is being sought in the U.S. under the intent-to-use provision of the Trademark Act (15 U.S.C. §1051(b)), Assignor hereby represents that Assignee is the successor to the portion of Assignor's ongoing and existing business to which the application and the Mark pertain.

4. The terms of the Agreement are incorporated herein by this reference. This Agreement shall be binding upon and inure to the benefit of the parties to this Agreement and their respective successors and permitted assigns. Except to the extent that federal law preempts state law with respect to the matters covered hereby, this Assignment, and any claims that arise out of or result from this Assignment, shall be governed and construed in accordance with the laws of the State of Tennessee.
