GRANT OF SECURITY INTEREST IN TRADEMARKS

WHEREAS, ABRISA INDUSTRIAL GLASS, INC., a California corporation ("Grantor"), owns the trademarks, trademark registrations, trademark applications, and any and all goodwill associated therewith, and the patents and patent applications, in each case set forth on Schedule A and Schedule B attached hereto; and

WHEREAS, COLE TAYLOR BANK, an Illinois banking corporation (the "Grantee"), desires to acquire a security interest in, and lien on, all of Grantor's right, title and interest in and to Grantor's trademarks, trademark registrations, trademark applications and any and all goodwill associated therewith and patents and patent applications; and

WHEREAS, the Grantor is willing to grant to the Grantee a security interest in, and lien upon the trademarks, trademark registrations, trademark applications and any and all goodwill associated therewith and patents and patent applications described above.

NOW, THEREFORE, for good and valuable consideration, the sufficiency and receipt of which are hereby acknowledged, and subject to the terms and conditions of the Credit and Security Agreement, dated as of June 19, 2012, between the Grantor, ZC&R Coatings for Optics, Inc., a California corporation and the Grantee (as amended from time to time, the "Credit Agreement"), the Grantor hereby grants to the Grantee a security interest in, and a lien upon, all of Grantor's right, title and interest in and to (i) the trademarks, trademark registrations, trademark applications, and any and all goodwill associated therewith (the "Marks") set forth on Schedule A attached hereto, (ii) the patents and patent applications (the "Patents") set forth on Schedule B attached hereto, in each case together with (iii) all Proceeds (as such term is defined in the Credit Agreement) of the Marks, (iv) all of the goodwill of the businesses with which the Marks are associated, and (v) all causes of action, past, present and future, for infringement, misappropriation, or dilution of any of the Marks and/or Patents or unfair competition regarding the same.

This GRANT OF SECURITY INTEREST is made to secure the satisfactory performance and payment of all the Obligations (as such term is defined in the Credit Agreement) of the Grantor and shall be effective as of the date of the Credit Agreement.

This Grant of Security Interest has been granted in conjunction with the security interest granted to Grantee under the Credit Agreement. The rights and remedies of the Grantee with respect to the security interest granted herein are without prejudice to, and are in addition to those set forth in the Credit Agreement, all terms and provisions of which are incorporated herein by reference. In the event that any provisions of this Grant of Security Interest are deemed to conflict with the Credit Agreement, the provisions of the Credit Agreement shall govern.

If Grantor shall obtain rights to any new Marks or licenses for Marks, this Grant of Security Interests in Trademarks and Patents shall automatically apply thereto. Grantor shall give prompt notice in writing to Grantee with respect to any such new Marks or trademark licenses. Grantor hereby authorizes Grantee unilaterally to modify this Grant of Security Interests in Trademarks and Patents by amending Schedule A to include any such new registered Marks or licenses of Grantor. Notwithstanding the foregoing, no failure to so modify this Grant

of Security Interests in Trademarks or amend Schedule A shall in any way affect, invalidate or detract from Grantee's continuing security interest in all Marks, whether or not listed on Schedule A.
