ASSIGNMENT OF INTELLECTUAL PROPERTY AGREEMENT

ASSIGNMENT OF INTELLECTUAL PROPERTY AGREEMENT (this "Agreement"), dated as of March 15, 2011 ("Effective Date"), by and between Alana Berish, an individual residing at 480 Broome Street, 2nd Floor, New York, NY, 10013 ("Alana Berish") and SCLIQOUR, LLC, a Delaware limited liability company (the "Company").

WITNESSETH:

WHEREAS, Alana Berish has, conceived, designed, developed, created, and/or authored certain materials in which she owns Intellectual Property (hereinafter defined) relating to the branding, development and marketing of a cognac, including without limitation, the designs and trademarks specified on Exhibit A (the "Existing Intellectual Property"); and

WHEREAS, Sovereign Brands, L.L.C. ("Sovereign") intends to further conceive, design, develop, create, and/or author additional materials in which it owns Intellectual Property related to the Existing Intellectual Property (the "Additional Intellectual Property"); and together with the Existing Intellectual Property, the "Assigned Intellectual Property") for the benefit of the Company;

WHEREAS, it is a condition precedent to Sovereign becoming a member of the Company that Alana Berish and Sovereign enter into this Assignment of Intellectual Property.

NOW, THEREFORE, in consideration of the premises and of other valuable consideration to Sovereign and Alana Berish tendered by the Company, at or before the execution and delivery hereof, the receipt and sufficiency of which is hereby acknowledged by Sovereign and Alana Berish, the parties do hereby agree as follows:

1. Definition. As used herein "Intellectual Property" means all rights in intellectual property of any type throughout the world, including, but not limited to: (i) patents, patent applications and statutory invention registrations, including, but not limited to, continuations, continuations-in-part, divisions, provisional and non-provisional, reexaminations, reissues and extensions; (ii) trademarks, service marks, trade names, brand names, logos and corporate names, slogans and other indicia of source of origin, whether or not registered, including all common law rights thereto and all goodwill associated therewith, and registrations and applications for registration thereof; (iii) copyrights, whether registered or common law, and registrations and applications for registration thereof; (iv) trade secrets and know-how; (v) domain names; (vi) rights of publicity and privacy, rights to personal information and moral rights; (vii) shop rights; (viii) inventions (whether patentable or unpatentable), invention disclosures, mask works, industrial design rights, discoveries, ideas, developments, data, software, confidential or proprietary technical, business and other information, including, but not limited to processes, techniques, methods, formulae, designs, algorithms, prospect lists, customer lists, projections, analyses, and market studies, and all rights therein and thereto; (ix) all rights to any of the foregoing provided in international treaties and convention rights; (x) the right and power to assert, defend and recover title to any of the foregoing; and (xi) all rights to

assert, defend and recover for any past, present and future infringement, misuse, misappropriation, impairment, unauthorized use or other violation of any of the foregoing; and (xii) all administrative rights arising from the foregoing, including the right to prosecute applications and oppose, interfere with or challenge the applications of others, the rights to obtain renewals, continuations, divisions, and extensions of legal protection pertaining to any of the foregoing.

2. Assignment. Effective as of the date hereof, Alana Berish and Sovereign hereby convey, grant, transfer, set over, assign, alien, release, deliver and confirm unto the Company, its successors and assigns, all of its right, title and interest in and to (a) the Assigned Intellectual Property (including without limitation all goodwill associated with any trademarks or service marks included within the Assigned Intellectual Property) of any kind, nature or description, now existing or hereinafter arising, which was created or acquired by Alana Berish and/or Sovereign, and (b) all other assets of Alana Berish or Sovereign directly related to the Assigned Intellectual Property, to have and to hold all of the Assigned Intellectual Property unto the Company, its successors and assigns to its and their own use forever.

3. Ownership of Improvements. The Company shall own all right, title and interest to any and all Intellectual Property in any adaptations, derivatives, modifications, developments, enhancements and improvements of the materials, in which Alana Berish or Sovereign owned Assigned Intellectual Property, created by Alana Berish and/or Sovereign after the assignment and transfer of the Assigned Intellectual Property pursuant to Section 2 hereof (the "Improvements", which shall be deemed a part of the Assigned Intellectual Property), and Alana Berish and Sovereign hereby convey, grant, transfer, set over, assign, alien, release, deliver and confirm unto the Company, its successors and assigns, all of its right, title and interest in and to any Intellectual Property in such Improvements.

4. Representations and Warranties. Alana Berish represents and warrants that (i) she has good title, right and full authority to assign and transfer the Assigned Intellectual Property hereby assigned, transferred and conveyed and will defend the transfers hereby made to the Company, its successors and assigns, against all persons claiming said properties, (ii) that this agreement constitutes a valid and legally binding obligation of Alana Berish, except as limited by any applicable law, (iii) that all Assigned Intellectual Property conveyed hereunder is free and clear of any and all liens, claims, mortgages and other encumbrances of every kind and description, (iv) she has not applied for any intellectual property registration in any jurisdiction with respect to the Assigned Intellectual Property, except as specified on Exhibit A, and (v) without limiting Sovereign's indemnification obligations contained herein, she has no actual knowledge that the Assigned Intellectual Property infringes upon the rights of any third parties. Sovereign represents and warrants that (i) it has good title, right and full authority to assign and transfer the Assigned Intellectual Property hereby assigned, transferred and conveyed and will defend the transfers hereby made to the Company, its successors and assigns, against all persons claiming said properties, (ii) that this agreement constitutes a valid and legally binding obligation of Sovereign, except as limited by any applicable law, (iii) that all Assigned Intellectual Property conveyed hereunder is free and clear of any and all liens, claims, mortgages and other encumbrances of every kind and description, (iv) it has not applied for any intellectual property registration in any jurisdiction with respect to the Assigned Intellectual Property, except as

specified on Exhibit A, and (v) without limiting Sovereign's indemnification obligations contained herein, it has no actual knowledge that the Assigned Intellectual Property infringes upon the rights of any third parties.

5. Covenants. Neither Alana Berish nor Sovereign shall, directly or indirectly, (i) claim ownership of the Assigned Intellectual Property or (ii) engage in any activity or take any action that might attack, question, contest, dispute, dilute or otherwise impair the right, title and interest of the Company in the Assigned Intellectual Property, including any challenge to the Company's ownership of or the validity of the Assigned Intellectual Property or any action that might result in any of the Assigned Intellectual Property falling into the public domain, or assist any person or entity in doing any of the foregoing. Neither Alana Berish nor Sovereign shall enter into any future assignment, sale, agreement or encumbrance of the Assigned Intellectual Property that would conflict with this assignment to the Company.

6. Indemnification. Sovereign will indemnify and hold harmless the Company and their respective officers, directors, employees, members, agents, successors and assigns (each, an "Indemnitee") from and against, any losses, liabilities, damages and expenses (including interest, penalties and reasonable attorneys' fees and expenses) (together, "Losses") which any of them may incur or become obligated or liable to pay in connection with (i) any claim alleging that the materials (described in Section 2 above) in which Sovereign or Alana Berish own (prior to the Effective Date) Assigned Intellectual Property infringe upon the rights of, or have caused harm to, a third party or violate applicable law and/or (ii) a claim, which if true, would constitute a breach of any representations and warranties contained in this Agreement. Except as otherwise provided in this Agreement, each Indemnitee entitled to indemnification pursuant to this Section 6 from Sovereign shall give written notice within a reasonable time to Sovereign of any claim with respect to which the Indemnitee seeks indemnification (provided, however, that failure of the Indemnitee to give such notice shall not relieve Sovereign from any liability which Sovereign may have on account of this indemnification, except to the extent that Sovereign is materially prejudiced thereby). The Indemnitee shall not agree to any settlement of a claim without the prior written consent of Sovereign, which will not unreasonably be withheld, conditioned or delayed. The Company agrees that it will not seek indemnification for any Losses from Alana Berish.

7. Further Assurances. Alana Berish and Sovereign shall execute and deliver such further conveyance instruments and take such further actions as may be necessary or desirable to evidence more fully the transfer of ownership of all of the Assigned Intellectual Property to the Company. Alana Berish and Sovereign therefore agree: (a) to execute, acknowledge, and deliver any affidavits or documents of assignment and conveyance regarding the Assigned Intellectual Property; and (b) to perform any other acts reasonably requested by the Company to carry out the intent of this Agreement.

8. Binding Effect: Assignment. This agreement shall bind Alana Berish and Sovereign, and each of its successors and assigns and shall inure to the benefit of the Company and its successors and assigns, provided Alana Berish and Sovereign may not assign, delegate and otherwise transfer any of its rights, benefits, powers, duties, responsibilities and obligations under this Agreement without the prior written consent of the Company.

9. Entire Agreement. This Agreement contains the entire understanding and agreement between the parties with respect to its subject matter, supersedes all prior oral or written understandings and agreements relating thereto (including but not limited to the previous Assignment of Alana Berish dated as of March 15, 2011) and may not be modified, discharged or terminated, nor may any of the provisions hereof be waived, orally.

10. Governing Law. This Agreement shall be governed by and construed in accordance with the internal laws (and not the laws of conflicts) of the State of New York, and the parties hereto consent to and agree in advance to the jurisdiction of the state and federal courts located in the State of New York for the resolution of any disputes in connection with this Agreement.

11. Counterparts: Facsimile. This Agreement may be executed in any number of counterparts, each of which shall be deemed an original, but all of which taken together shall constitute one and the same instrument. Facsimile or other electronic transmission of any signed original counterpart or retransmission of any signed facsimile or other electronic transmission shall be deemed the same as the delivery of an original.

IN WITNESS WHEREOF, the parties have duly executed this instrument as of the day and year first above written.

MARK: Henri d'Ussé (Standard Characters, mark.jpg)

The literal element of the mark consists of Henri d'Ussé.

The mark consists of standard characters, without claim to any particular font, style, size, or color.

We have received your application and assigned serial number '85185759' to your submission. The summary of the application data, *bottom below*, serves as your official filing receipt.

In approximately 3 months, an assigned examining attorney will review your application to determine if all legal requirements are met. Currently, your mark is **not** registered and is considered a "pending" application. The overall process from the time of initial filing to registration or final refusal can take 13-18 months or even longer, depending on many factors; e.g., the correctness of the original filing and the type of application filed. It is **CRITICAL** that you check the status of your application at least every 3 - 4 months and promptly contact the Office if a letter (an "Office action") or notice has issued for your application that you did not receive or do not understand. To check the status, please use <http://tar.uspto.gov>. Do not submit status requests to TEAS@uspto.gov. Failure to respond timely to any Office action or notice may result in the abandonment of your application, requiring you to pay an additional fee to have your application revived even if you did not receive the Office action or notice.

Please view all incoming and outgoing correspondence at <http://portal.uspto.gov/external/portal/tow>. If your status check reveals an issued Office action or notice that you did not receive, immediately view the action/notice through the USPTO website. The USPTO does not extend filing deadlines due to a failure to receive USPTO mailings/e-mailings. You must ensure that you update your record if your mail and/or e-mail address changes, using the form available at <http://www.uspto.gov/teas/eTEASpageE.htm>.

If you discover an error in the application data, you may file a Voluntary Amendment, at <http://www.uspto.gov/teas/eTEASpageB2.htm>. Do not submit any proposed amendment to TEAS@uspto.gov, because the technical support team may not make any data changes. **NOTE:** You must wait approximately 7-10 days to submit any Voluntary Amendment, to permit initial upload of your serial number into the USPTO database. The acceptability of any Voluntary Amendment will only be determined once regular examination begins, since the assigned examining attorney must decide whether the change proposed in the amendment is permissible. **Not all errors may be corrected;** e.g., if you submitted the wrong mark, if the proposed correction would be considered a material alteration to your original filing, it will not be accepted, and your only recourse would be to file a new application (with no refund for your original filing).

Since your application filing has already been assigned a serial number, please do not contact TEAS@uspto.gov to request cancellation. The USPTO will only cancel the filing and refund your fee if upon review we determine that the application did not meet minimum filing requirements. **The fee is a processing fee that the USPTO does not refund, even if your mark does not proceed to registration.** **NOTE:** The only "exception" to the above is if you inadvertently file duplicate applications specifically because of a *technical glitch* and not merely a

3/15/2011

misunderstanding or mistake; i.e., if you believe that the first filing did not go through because no confirmation was received and then immediately file again, only to discover later that both filings were successful, then the technical support team at TEAS@uspto.gov can mis-assign and refund one of the filings.

WARNING: You may receive unsolicited communications from companies requesting fees for trademark related services, such as monitoring and document filing. Although solicitations from these companies frequently display customer-specific information, including USPTO serial number or registration number and owner name, companies who offer these services are not affiliated or associated with the USPTO or any other federal agency. The USPTO does not provide trademark monitoring or any similar services. For general information on filing and maintenance requirements for trademark applications and registrations, including fees required by law, please consult the USPTO website. **APPLICATION DATA: Trademark/Service Mark Application, Principal Register TEAS Plus Application**

The literal element of the mark consists of D'USSÉ.

The mark consists of standard characters, without claim to any particular font, style, size, or color.

We have received your application and assigned serial number '85282698' to your submission. The summary of the application data, *bottom below*, serves as your official filing receipt.

In approximately 3 months, an assigned examining attorney will review your application to determine if all legal requirements are met. Currently, your mark is not registered and is considered a "pending" application. The overall process from the time of initial filing to registration or final refusal can take 13-18 months or even longer, depending on many factors; *e.g.*, the correctness of the original filing and the type of application filed. It is **CRITICAL** that you check the status of your application at least every 3 - 4 months and promptly contact the Office if a letter (an "Office action!") or notice has issued for your application that you did not receive or do not understand. To check the status, please use <http://tarr.uspto.gov>. Do not submit status requests to TEAS@uspto.gov. Failure to respond timely to any Office action or notice may result in the abandonment of your application, requiring you to pay an additional fee to have your application revived even if you did not receive the Office action or notice.

Please view all incoming and outgoing correspondence at <http://portal.uspto.gov/external/portal/tow>. If your status check reveals an issued Office action or notice that you did not receive, immediately view the action/notice through the USPTO website. The USPTO does not extend filing deadlines due to a failure to receive USPTO mailings/e-mailings. You must ensure that you update your record if your mail and/or e-mail address changes, using the form available at <http://www.uspto.gov/teas/eTEASpageE.htm>.

If you discover an error in the application data, you may file a Voluntary Amendment, at <http://www.uspto.gov/trademarks/teas/miscellaneous.jsp>. Do not submit any proposed amendment to TEAS@uspto.gov, because the technical support team may not make any data changes. **NOTE:** You must wait approximately 7-10 days to submit any Voluntary Amendment, to permit initial upload of your serial number into the USPTO database. The acceptability of any Voluntary Amendment will only be determined once regular examination begins, since the assigned examining attorney must decide whether the change proposed in the amendment is permissible. Not all errors may be corrected; *e.g.*, if you submitted the wrong mark, if the proposed correction would be considered a material alteration to your original filing, it will not be accepted, and your only recourse would be to file a new application (with no refund for your original filing).

Since your application filing has already been assigned a serial number, please do not contact TEAS@uspto.gov to request cancellation. The USPTO will only cancel the filing and refund your fee if upon review we determine that the application did not meet minimum filing requirements.

The fee is a processing fee that the USPTO does not refund, even if your mark does not proceed to registration. NOTE: The only "exception" to the above is if you inadvertently file duplicate applications specifically because of a *technical glitch* and not merely a misunderstanding or mistake; *i.e.*, if you believe that the first filing did not go through because no confirmation was received and then immediately file again, only to discover later that both filings were successful, then the technical support team at TEAS@uspto.gov can mis-assign and refund one of the filings.

WARNING: You may receive unsolicited communications from companies requesting fees for trademark related services, such as monitoring and document filing. Although solicitations from these companies frequently display customer-specific information, including USPTO serial number or registration number and owner name, companies who offer these services are not affiliated or associated with the USPTO or any other federal agency. The USPTO does not provide trademark monitoring or any similar services. For general information on filing and maintenance requirements for trademark applications and registrations, including fees required by law, please consult the USPTO website. **APPLICATION DATA: Trademark/Service Mark Application, Principal Register TEAS Plus Application**
