## TRADEMARK SECURITY AGREEMENT

**THIS TRADEMARK SECURITY AGREEMENT** (as from time to time amended, restated, amended and restated, supplemented or otherwise modified from time to time, this "**Trademark Security Agreement**"), is entered into as of December 17, 2012, by **COVERALL NORTH AMERICA, INC.**, a Delaware corporation ("**Grantor**"), in favor of **PROSPECT CAPITAL CORPORATION**, in its capacity as agent ("**Agent**") for the benefit of the Purchasers (as hereinafter defined).

### RECITALS:

A. Pursuant to that certain Senior Secured Loan Agreement dated as of the date hereof among Coverall of North America, Inc., a Delaware corporation (the "**Borrower**"), CNA Holding Corporation, a Delaware corporation, Coverall of Boston, Inc., a Delaware corporation, Melton Franchise Systems, Inc., a California corporation, Agent and the Purchasers from time to time party thereto (the "**Purchasers**") (including all annexes, exhibits or schedules thereto, as from time to time amended, restated, supplemented or otherwise modified, the "**Loan Agreement**"), Purchasers have purchased Notes (as defined in the Loan Agreement) from, and advanced certain loans to, the Borrower and the Borrower has incurred certain obligations to Purchasers and Agent.

B. Grantor has executed and delivered to Agent, for the benefit of the Purchasers, a Security Agreement dated as of the date hereof (including all annexes, exhibits or schedules thereto, as from time to time amended, restated, supplemented or otherwise modified, the "**Security Agreement**"), pursuant to which Grantor has granted a security interest in certain property, including, without limitation, certain of its Intellectual Property, to the Agent, for the benefit of the Purchasers, to secure the payment and performance of the Obligations and has agreed as a condition thereof to execute this Trademark Security Agreement for recording with the United States Patent and Trademark Office.

**NOW, THEREFORE**, in consideration of the premises and mutual covenants herein contained and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor hereby agrees as follows:

1. **DEFINED TERMS.** All capitalized terms used but not otherwise defined herein have the meanings given to them in the Security Agreement, or if not defined therein, in the Loan Agreement.

2. **GRANT OF SECURITY INTEREST IN TRADEMARK COLLATERAL.** Grantor hereby grants to Agent, for the ratable benefit of Purchasers, a continuing first priority security interest in all of Grantor's right, title and interest in, to and under the following, whether presently existing or hereafter created or acquired (exclusive of any below-mentioned licenses which by their terms do not permit the assignment thereof, but solely to the extent that such anti-assignment provisions are effective under the Code) (collectively, the "**Trademark Collateral**"):

(a) all of its trademarks, service marks, trade names, trade dress, other indicia of trade origin, and all applications, registrations and recordings relating to any of the foregoing, as may be filed in the United States Patent and Trademark Office, any State of the United States, any political subdivision thereof or in any similar office or agency in any other country or jurisdiction, including, without limitation, each mark, registration and application for registration identified on Schedule 1 attached hereto and made a part hereof (as such schedule may be amended or supplemented from time to time) (the property in this clause (a) being, collectively, the "**Trademarks**");

(b) all renewals of each of the Trademarks;

(c) all rights of Grantor in all present and future agreements containing any right or license with respect to the Grantor's Trademarks when the Grantor is a licensor under any such agreement, including without limitation, the license agreements listed on Schedule 2 attached hereto and made a part hereof, subject, in each case, to the terms of such license agreements (collectively, "**Trademark Licenses**");

(d) all goodwill of the business connected with the use of, and symbolized by, each of the items described in clauses (a), (b) and (c); and

(e) all Proceeds (as such term is defined in the Code) of the foregoing.

Notwithstanding anything to the contrary in this Trademark Security Agreement, nothing in this Trademark Security Agreement is intended to be, or may be construed to be, an assignment of any application to register any trademark or service mark based on any intent to use filed by, or on behalf of, the Grantor ("**Intent to Use Applications**") and any Intent to Use Applications are specifically excluded from the Trademark Collateral for purposes of this Trademark Security Agreement.

3. **SECURITY FOR OBLIGATIONS.** This Trademark Security Agreement and the security interest created hereby secures the payment and performance of all the Obligations. Without limiting the generality of the foregoing, this Trademark Security Agreement secures the payment of all amounts that constitute part of the Obligations and would be owed by Grantor to Agent, the Purchasers, or any of them.

4. **SECURITY AGREEMENT.** The security interests granted pursuant to this Trademark Security Agreement are granted in conjunction with the security interests granted to Agent, on behalf of itself and for the ratable benefit of Purchasers, pursuant to the Security Agreement. The Grantor hereby acknowledges and affirms that the rights and remedies of Agent with respect to the security interest in the Trademark Collateral made and granted hereby are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated by reference herein as if fully set forth herein.

5. **AUTHORIZATION TO SUPPLEMENT.** If the Grantor obtains rights to any new Trademarks or Trademark Licenses, the provisions of this Trademark Security Agreement shall automatically apply thereto. Grantor shall give prompt notice in writing to Agent with respect to any such new Trademark or new Trademark License. Without limiting Grantor's obligations under this Section 5, Grantor hereby authorizes Agent unilaterally to

modify this Trademark Security Agreement by amending Schedule 1 or Schedule 2 to include any such new Trademark or Trademark License. Notwithstanding the foregoing, no failure to so modify this Trademark Security Agreement or amend Schedule 1 or Schedule 2 shall in any way affect, invalidate or detract from Agent's continuing security interest in all Trademark Collateral, whether or not listed on the schedules hereto.

6. **APPLICABLE LAW.** This Trademark Security Agreement shall be governed by, and construed in accordance with, the laws of the State of New York, without regard to conflict of laws principles.

7. **COUNTERPARTS.** Any number of counterparts of this Trademark Security Agreement, including facsimiles, may be executed by the parties hereto. Each such counterpart shall be, and shall be deemed to be, an original instrument, but all such counterparts taken together shall constitute one and the same agreement.
