TRADEMARK SECURITY AGREEMENT

THIS TRADEMARK SECURITY AGREEMENT ("Agreement") is made this 10th day of October, 2012, by and between KMJR Capital, LLC, a Delaware limited liability company ("Debtor"), and Sovereign Bank, N.A. ("Secured Party").

WHEREAS, Debtor is the owner of the certain Applications for U.S. Trademarks listed on the attached Schedule A;

WHEREAS, Secured Party has extended loan accommodations to Debtor pursuant to the terms and conditions of those certain Term Loan and Security Agreement and Line of Credit Loan and Security Agreement, each dated August 29, 2012 (the "Loans"), and those certain Term Note and Line of Credit Note, each dated August 29, 2012 (the "Notes"), made by Debtor in favor of Secured Party;

WHEREAS, Debtor and Secured Party have entered into certain Security Agreements to the Term Note and Line of Credit Note, each dated August 29, 2012 (as the same may be amended, modified, supplemented, renewed, extended or restated from time to time, the "Security Agreements"; all terms defined in the Security Agreements, wherever used herein, shall have the same meanings herein as are prescribed by the Security Agreements).

WHEREAS, pursuant to the terms of the Security Agreements, Debtor has granted to Secured Party a lien and security interest in all General Intangibles of Debtor, including, without limitation, all of Debtor's right, title, and interest in, to and under all now owned and hereafter acquired Trademarks, together with the goodwill of the business symbolized by Debtor's Trademarks, and Trademark Licenses, and all products and Proceeds thereof, to secure the payment of the Debtor's Obligations (as defined in the Note and Security Agreements).

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Debtor hereby grants to Secured Party a lien and continuing security interest in all of Debtor's right, title, and interest in, to, and under the following (all of the following items or types of Property being herein collectively referred to as the "Trademark Collateral") and the goodwill associated therewith, whether presently existing or hereafter created or acquired, as security for the prompt and complete performance when due of the Debtor's Obligations:

(1) each Trademark, trademark registration ("Trademark Registration") and trademark application ("Trademark Application"), including, without limitation, each Trademark, Trademark Registration and Trademark Application referred to in Schedule A annexed hereto, together with the goodwill of the business symbolized thereby; and

(2) each Trademark License, including, without limitation, each Trademark License listed in Schedule A annexed hereto; and

(3) all products and proceeds of the foregoing, including, without limitation, any claim by Debtor against third parties for past, present or future (a) infringement, dilution or breach of any Trademark, Trademark Registration,

Trademark Application and Trademark License, including, without limitation, any Trademark, Trademark Registration and Trademark License referred to in Schedule A annexed hereto, and any Trademark Registration issued pursuant to a Trademark Application referred to in Schedule A annexed hereto; or (b) injury to the goodwill associated with any Trademark, Trademark Registration or Trademark Application.

1. OTHER SECURITY INTERESTS. The lien and security interest contained in this Agreement is granted in conjunction with the liens and security interests granted to Secured Party pursuant to the Security Agreements. Debtor hereby acknowledges and affirms that the rights and remedies of Secured Party with respect to the liens and security interests in the Trademark Collateral made and granted hereby are more fully set forth in the Security Agreements, the terms and provisions of which are incorporated by reference herein as if fully set forth herein. In the event that any provisions of this Agreement are deemed to conflict with the Security Agreements, the provisions of the Security Agreements shall govern.

2. RESTRICTIONS ON FUTURE AGREEMENTS. Debtor agrees that until all Obligations shall have been satisfied in full and the Security Agreements shall have been terminated, Debtor will not, without the Secured Party's prior written consent, enter into any agreement including, without limitation, any license agreement, which is inconsistent with Debtor's obligations under this Agreement if such action would reasonably be expected to materially adversely affect the fair market value of the Trademark Collateral or the benefits of this Agreement to the Secured Party, and Debtor further agrees that it will not take any action, or permit any action to be taken by others subject to its control, including licensees, or fail to take any action, which would materially adversely affect the validity or enforcement of the rights transferred to the Secured Party under this Agreement.

3. NEW TRADEMARKS. Debtor represents and warrants to the Secured Party that the Trademark Applications and the Trademark Licenses listed on Schedule A constitute all of the Trademarks now owned by or licensed to Debtor for which registrations have been issued or applied for in the United States Patent and Trademark Office. If, before the Obligations have been satisfied in full and the Security Agreements terminated, Debtor shall (i) obtain rights to any new trademarks, trademark registrations or applications or tradenames used in the United States or in any foreign country or (ii) become entitled to the benefit of any trademark application, trademark, trademark registration or tradename used in the United States or in any foreign country, the provisions above shall automatically apply thereto and Debtor shall give to the Secured Party prompt written notice thereof. Debtor hereby authorizes the Secured Party to modify this Agreement upon such written notice by amending Schedule A to include any future trademarks, trademark registrations, trademark applications, tradenames and license agreements which are Trademarks, as applicable.

4. SECURED PARTY NOT LIABLE. Secured Party assumes no obligations whatsoever with respect to the Trademark Collateral including, without limitations, any obligation to renew registrations of or defend the validity, enforceability or distinctiveness of the Trademark Collateral.

5. COUNTERPARTS. This Agreement may be executed by one or more of the parties to this Agreement on any number of separate counterparts (including by telecopy) and all of said counterparts, taken together, shall be deemed to constitute one and the same instrument.

6. SUCCESSORS AND ASSIGNS. This Agreement shall be binding upon the successors and assigns of the Debtor and shall inure to the benefit of the Debtor, the Secured Party and their respective successors and assigns; provided that Debtor may not assign, transfer or delegate any of its rights or obligations under this Agreement without the prior written consent of the Secured Party.

DOCTOR COMPUTER

Who is Doctor Computer?

Adam and Cori Zweibel founded Doctor Computer in 2002. We have a staff of technicians that allow us to service 94.3% of all service requests the same day in Northern and Central New Jersey ([click to see service area](#)).

We have **successfully completing thousands of computer repairs and maintained thousands of computer systems** because we created a standard that eliminates computer problems before they occur, keep your systems running and get you back up if you do have an unavoidable computer disaster.

Where are you located?

We provide on-site service and our technicians travel all over NJ to your home or office to help you with your computer issues at your location and we **don't charge for travel time**. ([Click for service area](#)) We do not have a storefront and we do not do drop offs.

Who handles your service calls?

Our technicians are our employees. They have an average of 11 years of onsite computer problem solving experience not just book or test knowledge.

Do you supply new and replacement parts and equipment?

Our technicians come prepared with the necessary hardware and software diagnostic tools, parts, and products to **successfully repair your computers and to setup and install new hardware and software**.

We typically carry: memory, hard drives, power supplies, new computers, cd/dvd burners, software and networking equipment so you don't have to go run out and buy anything. If we do not have the part you require, we will gladly special order it for you and come back to install it as soon as the part arrives.

[Back to top](#)

Do you provide evening appointments?

Our last appointment during the week is between 4:30 and 5:30 from Sunday through Thursday. Our last appointment on Friday is around 2 PM. Our technicians love their jobs but need time off like everyone else. We do offer weekend appointments if the early evening appointment is not convenient.

Do you provide weekend appointments?

Yes our technicians are available by appointment on Saturdays and Sundays and we will book appointments from 9 AM to 2 PM on Saturday and 9 AM to 5 PM on Sunday.

How soon can you get here?

If you call us before noon, **94.2%** of the time we will schedule your appointment the same day. This is a service record we are especially proud of because we know that most if not all of our competitors do NOT do this.

What does a one-hour appointment window mean when you schedule my appointment?

We give our technicians a 30 minute to 1 hour window to arrive, so that if the appointment is between 9 and 9:30 that means our technician will arrive between 9 and 9:30. Our clients understand that we try our best to be punctual, but there are sometimes unavoidable delays because of traffic and weather but we will call if we are running late.

[Back to top](#)

What forms of payment do you accept?

Cash or check at the end of the appointment.

Do you charge for travel time?

No

Is there a minimum charge for an appointment?

Yes we have a one-hour minimum charge. We will provide a full hour of service even if we solve your problem in the first 15 minutes.

How much experience do you have with Apple computers?

Yes our technicians have consistently worked with Apples and Macs and have onsite problem solving experience not just book or test knowledge.

[Back to top](#)

How can I be sure you will get us back up and running quickly?

Some disasters are unavoidable. The preventative measures we provide can minimize the impact. We can't protect you from a virus that hasn't been created yet BUT we set up **backup systems that are automated and automatic**. This allows us to quickly get your system restored so you can get back to business typically the same day. Unbelievable as it sounds, most backup systems that are installed aren't working or will make it virtually impossible to restore your programs and data. We fix that.

How can I tell if my computer has a virus or is infected by Spyware?

Some of the most common symptoms include: it is running much more slowly, frequent crashes, error messages, it freezes up, internet connectivity issues, and unwanted pop ups. **These problems won't fix themselves and will only get worse.**

My computer is running very slow, what are the possible issues?

There can be many reasons for this including: the age of your computer, the amount of memory, the processor speed, number and amount of programs on your computer, viruses, Spyware and more. **We conduct a comprehensive analysis of your issues when we arrive and will provide cost effective options to solve them.**

I know I should backup my stuff but it takes time and the program is not that easy to use.

We understand. **We set up backup systems that are automated and automatic.** This takes the pain and mistakes out of backing up your data and allows us to get you up and running quickly in case you have an unavoidable disaster.

[Back to top](#)

I hear a whirring sound every time I pull up a file, should I be worried?

YES. It is very likely that your hard drive is going to crash and unless you have a proper backup system in place and in use you could loose all of your stuff. (files, photos, music, business documents etc.)

Is it really possible to buy a new computer for under \$600?

We fix or upgrade these bargain computers every week. Why? We could write a book on this. Some of the most common reasons we end of upgrading and fixing these bargain computers is because they are loaded with trial software that clogs up the system, are frequently put together with the cheapest parts possible and the least powerful processors. We sell new Dell computers and we set them up to meet your needs based on the type of programs you run.

Can I get Windows XP installed on my new computer?

As of October 2009, yes you can. Windows 7 is now available and at this point we don't know how much longer XP will still be supported.

Will You Patiently Answer All of My Questions?

No one wants to admit that they don't do this but this is what our clients tell us. Many of our competitors act like "know it alls" and will make you feel dumb, computer illiterate, inexperienced or inferior just for asking a question. **We want you to ask every question you can think of at your appointment.** We want you to feel comfortable even if you think your question might be silly or stupid – Don't Worry It Isn't.

[Back to top](#)

We provide onsite computer repairs and support services and have thousands of testimonials from satisfied clients.

If you need computer repairs or help with your home computer, small business computer network, software or hardware, it is possible for your computers to be fixed right the first time without the downtime, hassles or ineffective solutions that are all too commonly found in our industry.

We encourage you to carefully review our site and then call us to set up a same-day appointment.

We will provide you **multiple solutions to solve your problem.**
