2. This Assignment shall be effective in all countries of the world to the extent Assignor has rights therein.

3. The Assignor warrants that the date of the first use of each Intellectual Property item listed in Exhibit A is as shown in Exhibit A, and that there has been no abandonment by the Assignor of the Intellectual Property from the date of first use to the date of this Agreement.

4. The Assignor warrants that, immediately prior to the assignment, conveyance, and transfer herein, the Assignor is the sole and exclusive owner of the Intellectual Property, and that immediately prior to said assignment, conveyance, and transfer, said Intellectual Property is neither subject to nor encumbered by any lien, mortgage, pledge, security interest, contract, agreement or understanding which would reduce, limit, or restrict Assignee's rights to the property assigned and transferred or would be the basis for a claim of damages against Assignee.

5. The Assignor acknowledges and recognizes henceforth the Assignee's exclusive right, title, and interest in and to the Intellectual Property and to the goodwill of the business symbolized by the Intellectual Property and will not at any time do or cause to be done any act or thing contesting or in any way impairing or tending to impair any part of such right, title, and interest.

6. 8. If the law permits or requires, the Assignor shall make application to issue or transfer the Certificate or Registration or Registration of the Intellectual Property, or, if requested, by the Assignee or its duly authorized representative, to join in such application and to execute any such documents as may be necessary to implement such application.

9. Annexed hereto and made a part hereof with Exhibit A is a copy of a letter from Kit M. Stetina, Esq., dated August 26, 2013 setting forth Mr. Stetina's understanding of the status of the registrations or applications of the Intellectual Property listed in Exhibit A.

10. The Assignor represents and warrants that, except as provided in Exhibit A, it is not aware of any conflict, claim, or notice that the Intellectual Property infringe any statutory or common law trademarks of others, with the sole exception of claims which may be related to Overlord/Synergy. As to claims relating to Overlord/Synergy, Assignor shall be responsible for prosecuting and defending any such claims, shall be entitled to retain any proceeds stemming from the prosecuting of such claims, and shall indemnify and hold harmless Assignee from any liability stemming from such claims. Additionally, Assignor agrees to indemnify and hold harmless Assignee from all conflicts or claims contained in Exhibit A or notices set forth in Exhibit A which later become conflicts or claims, for any conflicts and claims involving Overlord/Synergy, and for any misrepresentations contained herein.

11. On Assignee's behalf, Assignor further agrees, at Assignor's sole expense, to pursue vigorously to successful completion the Assignee's right to produce, purchase, and sell bicycles and accessories under the Intellectual Property listed in Exhibit A. The Assignee assumes no liability for Intellectual Property infringement and the Assignor hereby agrees to indemnify and hold harmless the Assignee from and against all losses, damages, and expenses, including attorneys' fees, incurred by Assignees as a result of or related to claims of third persons involving claims or notices set forth in Exhibit B or as a result of a misrepresentation by Assignor contained herein or breach hereof.

12. Annexed hereto and made a part hereof as Exhibit B are copies of corporate resolutions by Assignor's Board of Directors and shareholders duly authorizing Assignor's entry into this Agreement.

13. Assignor shall be liable for damages to Assignee for any violation or breach of any warranty or provision of this Agreement, and misrepresentation herein, and shall indemnify and hold Assignee harmless from any liability, cost, expense or damage, including legal fees, as a result thereof.

14. For any pending Intellectual Property applications listed in Exhibit A, the Commissioner of Patents/Trademarks is requested to issue the Certificate of Registration to the Assignee. The Assignor shall take all steps within its power to ensure proper issuance of the Certificate of Registration to Assignee and shall assume all costs in connection with ensuring proper issuance to Assignee.
