ASSIGNMENT OF INTELLECTUAL PROPERTY ASSETS

Vinigma LLC, a California limited liability company (“Assignor”), for good and valuable consideration the receipt and sufficiency of which is hereby acknowledged, hereby conveys, transfers and assigns to **PBJ Acquisition Company, LLC**, a Delaware limited liability company (“Assignee”), its successors and assigns, any and all of its right, title and interest in and to any and all of the Intellectual Property (defined below) assets that it may have that are part of the Vinigma Asset Interest, as such term is defined in that certain Contribution Agreement (“**Contribution Agreement**”) entered into on January 16, 2014 by and among Assignor, Assignee and Joseph Perrulli, together with the goodwill associated with the use of such Intellectual Property, including, without limitation, the full right to any and all claims and causes of action with respect to any rights in the Intellectual Property, whether accruing before, on and/or after the date hereof, wherein Intellectual Property shall include all rights in: all inventions (whether or not patentable and whether or not reduced to practice), all improvements thereto; all patents, patent applications and patent disclosures, together with all reissuances, continuations, continuations-in-part, divisions, revisions, extensions, and reexaminations thereof, including all supporting documentation of any kind; all trade names, trademarks, servicemarks, logos, trade dress, together with all translations, adaptations, derivations, and combinations thereof and including all goodwill associated therewith; all copyrightable works, all copyrights; all mask works and associated rights; all registrations and applications and renewals for any of the foregoing; all trade secrets; all Know-How (defined below); Code (defined below); Documentation (defined below) and Software (defined below), including but not limited to those assets listed on **Schedule 1** attached hereto. The full right to any and all claims and causes of action assigned herein includes but is not limited to all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages, including but not limited to the right to collect, or otherwise recover, the proceeds from any litigation which is pending as of the date hereof.

As used herein, the following capitalized terms shall have the following definitions: “**Intellectual Property**” shall mean all (i) inventions (whether patentable or unpatentable and whether or not reduced to practice), and all improvements thereto, as well as all ideas for future business opportunities related in any way to the business of By the Glass, LLC, a Nevada limited liability company (the “**Business**”), (ii) all patents, patent applications, and patent disclosures, together with all reissuances, continuations, continuations-in-part, divisions, revisions, extensions and reexaminations thereof related to the Business, (iii) all trademarks, service marks, trade dress, logos and trade names related to the Business together with all translations, adaptations, derivations and combinations thereof and including all goodwill associated therewith, and all applications, registrations and renewals in connection therewith, (iv) all copyrightable works, all copyrights and all applications, registrations and renewals in connection therewith related to the Business, (v) all mask works and all applications, registrations and renewals in connection therewith related to the Business, (vi) all trade secrets and confidential business information (including ideas, research and development, know-how, formulas, compositions, manufacturing and production processes and techniques, technical data, designs, drawings, specifications, customer and supplier lists, pricing and cost information, and business

and marketing plans and proposals) related to the Business, (vii) all computer software (including data and related documentation) related to the Business, (viii) all blueprints, CAD/engineering drawings, and product manuals related to the Business, (ix) all rights in internet web sites and internet domain names used by the Business, (x) all other proprietary rights related to the Business, and (xi) all copies and tangible embodiments thereof, in whatever form or medium; "**Know-How**" shall include trade secrets and other confidential and proprietary information, including without limitation, technical information, research, schematics, models, programs, Documentation, Code, tools, methods and methodologies and data, including engineering, scientific and practical information and formulas, hardware and software designs, technical information recorded in reports, on drawings, in specifications, and in other writings; "**Documentation**" shall mean written materials, including without limitation, technical reference handbooks, technical disclosures, publications, Source Code, and other materials which are used to support the Intellectual Property; "**Code**" shall mean computer programming code, and shall include both Object Code and Source Code; "**Object Code**" shall mean the machine executable form of the Code; "**Source Code**" shall mean the human-readable form of the Code, including commentary and notes necessary for a reasonably skilled programmer to maintain and modify the computer program; and "**Software**" shall mean any instructions and associated data capable of being executed, compiled, or interpreted by a data processing machine, whether or not such instructions and associated data are in Object Code or in Source Code form.

To the extent any of the aforementioned rights in and to such intangible assets are not immediately assignable, and to the extent any such rights are created in the future with respect to the aforementioned rights, Assignor shall fully identify and describe each such asset and use its commercially reasonable efforts to: (i) provide Assignee the benefits of any such rights, and hold same in trust for Assignee without additional compensation therefore; and (ii) cooperate in any reasonable and lawful arrangement designed to provide such benefits and rights to Assignee, without additional compensation therefor.

Assignor shall promptly execute and deliver for recording any instrument reasonably necessary to perfect or record the transfer of any of the Intellectual Property in the United States Patent and Trademark Office, in the United States Copyright Office, the domain name registrar, or any other recording office where such recordings are properly made.

Upon the Assignee's request at any time and from time to time, the Assignor shall execute and deliver to the Assignee such additional instruments as the Assignee deems reasonably necessary to vest the Assignee with the sole ownership of exclusive worldwide rights in and to all such intangible assets.

Assignor hereby constitutes and appoints Assignee the true and lawful attorney of such Assignor, with full power of substitution, in the name of Assignor or Assignee, but on behalf of and for the benefit of Assignee: (a) to demand and receive from time to time any and all of the Intellectual Property and to make endorsements and give receipts and releases for and in respect of the same and any part thereof; (b) to institute, prosecute, compromise and settle any and all actions or proceedings that Assignee may deem proper in order to collect, assert or enforce any claim, right or title of any kind in or to the Intellectual Property; (c) to defend or compromise any or all actions or proceedings in respect of any of the Intellectual Property; and (d) to do all such acts and things in relation to the matters set forth in the preceding clauses (a) through (c) as

Assignee shall deem desirable. Assignor hereby acknowledges that the appointment hereby made and the powers hereby granted are coupled with an interest and are not and shall not be revocable by it in any manner or for any reason.

This Assignment may be executed in separate counterparts, each of which will be an original and all of which taken together shall constitute one and the same agreement, and any party hereto may execute this Assignment by signing any such counterpart.
