DECLARATION re ASSIGNMENT IMPROPERLY FILED AND RECORDED
AGAINST TRADEMARK REGISTRATION UNDER TMEP 503.06(c)

I, Joseph Perrulli, declare as follows:

1. I am the sole member of Vinigma LLC, a California limited liability company.
2. Govino, LLC is the owner of the entire right, title and interest in and to U.S. Trademark Registration No. 3,015,833 by way of name change from PBJ Acquisition Company, LLC on January 17, 2014, and recorded February 6, 2014 at the United States Patent and Trademark Office ("USPTO") under Reel/Frame: 5210/0352. A true and exact copy of this Name Change is attached as Exhibit A.
3. PBJ Acquisition Company, LLC acquired ownership of the entire right, title and interest in and to U.S. Trademark Registration No. 3,015,833 by way of assignment from PBJ, LLC on January 16, 2014, and recorded January 23, 2014 at the USPTO under Reel/Frame: 5199/0890. A true and exact copy of this Assignment is attached as Exhibit B.
4. PBJ, LLC acquired its assigned ownership of the entire right, title and interest in and to U.S. Trademark Registration No. 3,015,833 by way of assignment from By The Glass, LLC on January 16, 2014, and recorded January 23, 2014 at the USPTO under Reel/Frame: 5199/0901. A true and exact copy of this Assignment is attached as Exhibit C.
5. By The Glass, LLC acquired its assigned ownership of the entire right, title and interest in and to U.S. Trademark Registration No. 3,015,833 by way of assignment from the original owner Boyd I. Willat on August 10, 2007, and recorded August 31, 2007 at the USPTO under Reel/Frame: 3614/0071. A true and exact copy of this Assignment is attached as Exhibit D.
6. Vinigma LLC erroneously included U.S. Trademark Registration No. 3,015,833 in an assignment to PBJ Acquisition Company, LLC dated January 16, 2014, and recorded at the USPTO on January 23, 2014 under Reel/Frame: 5199/0913 ("Vinigma Assignment"). A true and exact copy of the Vinigma Assignment is attached as Exhibit E.

7. The Vinigma Assignment was executed on the mistaken belief that ownership rights in U.S. Trademark Registration No. 3,015,833 were transferred to Vinigma LLC as part of the transfer of my personal ownership interest in By The Glass, LLC to Vinigma LLC.

8. Therefore, I am submitting this Declaration as the sole member of Vinigma LLC to make clear that the true chain of title for U.S. Trademark Registration No. 3,015,833 should not be considered altered by the incorrect and erroneous Vinigma Assignment recorded at the USPTO on January 23, 2014 under Reel/Frame: 5199/0913. Accordingly, the owner of the entire right, title and interest in and to U.S. Trademark Registration No. 3,015,833 is govino, LLC.

I hereby declare that all statements made herein of my own knowledge are true, and that all statements made on information and belief are believed to be true; and further that all these statements were made with the knowledge that willful false statements and the like are punishable by fine or imprisonment, or both, under Section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of the application or any resulting registration thereon.

By **The Glass, LLC**, a limited liability company organized under the laws of the state of Nevada ("**Assignor**"), for good and valuable consideration paid by **PBJ, LLC**, a Minnesota limited liability company ("**Assignee**"), the receipt and sufficiency of which is hereby acknowledged, hereby conveys, transfers and assigns to Assignee, its successors and assigns, any and all of its right, title and interest in and to any and all of the Intellectual Property assets that it may have that are part of the Acquired Assets, as such term is defined in the Asset Purchase Agreement entered into on December 30, 2013 by and among Assignor and Assignee, together with the goodwill associated with the use of such Intellectual Property (as that term is defined in Asset Purchase Agreement) with Assignor's business, including, without limitation, the full right to any and all claims and causes of action with respect to any rights in the Intellectual Property, whether accruing before, on and/or after the date hereof, wherein Intellectual Property shall include with respect to the Acquired Assets all rights in: all inventions (whether or not patentable and whether or not reduced to practice), all improvements thereto; all patents, patent applications and patent disclosures, together with all reissuances, continuations, continuations-in-part, divisions, revisions, extensions, and reexaminations thereof, including all supporting documentation of any kind; all trade names, trademarks, servicemarks, logos, trade dress, together with all translations, adaptations, derivations, and combinations thereof and including all goodwill associated therewith; all copyrightable works, all copyrights; all mask works and associated rights; all registrations and applications and renewals for any of the foregoing; all trade secrets; all Know-How (defined below); Code (defined below); Documentation (defined below) and Software (defined below), including but not limited to those assets listed on **Schedule 1** attached hereto. The full right to any and all claims and causes of action assigned herein includes but is not limited to all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages, including but not limited to the right to collect, or otherwise recover, the proceeds from any litigation which is pending as of the date hereof.

As used herein, the following capitalized terms shall have the following definitions: "**Know-How**" shall include trade secrets and other confidential and proprietary information, including without limitation, technical information, research, schematics, models, programs, Documentation, Code, tools, methods and methodologies and data, including engineering, scientific and practical information and formulas, hardware and software designs, technical information recorded in reports, on drawings, in specifications, and in other writings; "**Documentation**" shall mean written materials, including without limitation, technical reference handbooks, technical disclosures, publications, Source Code, and other materials which are used to support the Intellectual Property; "**Code**" shall mean computer programming code, and shall include both Object Code and Source Code; "**Object Code**" shall mean the machine executable form of the Code; "**Source Code**" shall mean the human-readable form of the Code, including commentary and notes necessary for a reasonably skilled programmer to maintain and modify the computer program; and "**Software**" shall mean any instructions and associated data capable of being executed, compiled, or interpreted by a data processing machine, whether or not such instructions and associated data are in Object Code or in Source Code form.

Exhibit C

To the extent any of the aforementioned rights in and to such intangible assets are not immediately assignable, and to the extent any such rights are created in the future with respect to the aforementioned rights, Assignor shall fully identify and describe each such asset and use its commercially reasonable efforts to: (i) provide Assignee the benefits of any such rights, and hold same in trust for Assignee without additional compensation therefore; and (ii) cooperate in any reasonable and lawful arrangement designed to provide such benefits and rights to Assignee, without additional compensation therefor.

Assignor shall promptly execute and deliver for recording any instrument reasonably necessary to perfect or record the transfer of any of the Intellectual Property in the United States Patent and Trademark Office, in the United States Copyright Office, the domain name registrar, or any other recording office where such recordings are properly made.

Upon the Assignee's request at any time and from time to time, the Assignor shall execute and deliver to the Assignee such additional instruments as the Assignee deems reasonably necessary to vest the Assignee with the sole ownership of exclusive worldwide rights in and to all such intangible assets.

Assignor hereby constitutes and appoints Assignee the true and lawful attorney of such Assignor, with full power of substitution, in the name of Assignor or Assignee, but on behalf of and for the benefit of Assignee: (a) to demand and receive from time to time any and all of the Intellectual Property and to make endorsements and give receipts and releases for and in respect of the same and any part thereof; (b) to institute, prosecute, compromise and settle any and all actions or proceedings that Assignee may deem proper in order to collect, assert or enforce any claim, right or title of any kind in or to the Intellectual Property; (c) to defend or compromise any or all actions or proceedings in respect of any of the Intellectual Property; and (d) to do all such acts and things in relation to the matters set forth in the preceding clauses (a) through (c) as Assignee shall deem desirable.
