THIS TRADEMARK SECURITY AGREEMENT (this "Agreement"), dated as of July 2, 2014, is made by The Schawbel Corporation, a Massachusetts corporation (the "Company"), in favor of TCF National Bank (the "Lender").

RECITALS

WHEREAS, the Company, TM Repellent Holdings, Inc., a Delaware corporation ("Holdings"), TMR Merger Sub Co., a Delaware corporation ("Merger Sub"; the Company, Holdings and Merger Sub are referred to herein, collectively, as the "Obligors" and, individually, as an "Obligor"), and the Lender are parties to a Credit Agreement dated as of July 2, 2014 (as amended, restated, supplemented or otherwise modified from time to time, the "Credit Agreement"), pursuant to which the Lender has agreed to make certain loans to the Company and Merger Sub;

WHEREAS, the Obligors and the Lender are parties to a Security Agreement dated as of July 2, 2014 (as amended, restated, supplemented or otherwise modified from time to time, the "Security Agreement"); and

WHEREAS, pursuant to the terms of the Credit Agreement and the Security Agreement, the Company has granted to the Lender a security interest in substantially all the assets of the Company, including, with the exception of the Excluded Property, all right, title and interest of the Company in, to and under all now existing and hereafter arising service marks, trademarks, trademark or service mark registrations, trademark or service mark applications and trade names, all renewals thereof, all income, royalties, damages and payments now and hereafter due and/or payable with respect thereto arising in favor of the Company, and the goodwill of the Company's business connected with and symbolized thereby, to secure the payment and performance in full of all amounts owing by the Company under the Credit Agreement and the other Financing Agreements (as defined in the Credit Agreement);

NOW, THEREFORE, in consideration of the mutual agreements set forth herein and in the Credit Agreement, the Company hereby grants to the Lender a security interest in all of the Company's right, title and interest in and to the following, whether now existing and hereafter arising:

- (1) each trademark and trademark application, including, without limitation, each trademark and trademark application referred to in Schedule 1 annexed hereto, and all renewals thereof, together with the goodwill of the Company's business connected with and symbolized thereby;
- (2) all license agreements with any other Person or Persons with respect to any service marks, trademarks, trademark or service mark registrations, trademark or service mark applications and trade names, whether the Company is a licensor or licensee under any such license agreements, and, subject to the terms of such licenses, the right to prepare for sale, sell and advertise for sale, all inventory now

or hereafter owned by the Company and now or hereafter covered by such licenses; and

- (3) all products and proceeds of the foregoing, including, without limitation, all income, royalties, damages and payments now and hereafter due and/or payable with respect thereto arising in favor of the Company (items 1 through 3 being herein collectively referred to as the "Trademark Collateral");

provided, however, that there shall be excluded from the foregoing grant of security interest all Excluded Property (as such term is defined in the Security Agreement).
