INTELLECTUAL PROPERTY SECURITY AGREEMENT

This INTELLECTUAL PROPERTY SECURITY AGREEMENT (as amended, amended and restated, supplemented or otherwise modified from time to time, the "**IP Security Agreement**") dated June 29, 2015, is made by Biosearch Technologies, Inc., a California corporation "**Grantor**", in favor of HSBC Corporate Trustee Company (UK) Limited, as Security Agent (the "**Security Agent**") for the Secured Parties (as defined in the Facilities Agreement referred to below).

WHEREAS LGC Science Holdings Limited (the "**Parent**"), the Borrowers party thereto and the Guarantors party thereto have entered into a Senior Facilities Agreement dated as of March 14, 2014, among Commerzbank AG, London Branch, The Governor and Company of the Bank of Ireland, HSBC Bank PLC, Societe Generale, London Branch, GE Corporate Finance Bank SAS and ING Bank N.V., London Branch, as Mandated Lead Arrangers, the Original Lenders, HSBC Bank PLC as the Facility Agent and HSBC Corporate Trustee Company (UK) Limited as the Security Agent, as amended and restated by an Amendment Agreement dated March 27, 2015 (as so amended and restated, and as otherwise amended, restated, amended and restated, extended, supplemented or modified from time to time, the "**Facilities Agreement**"; the terms defined therein being used herein as therein defined).

WHEREAS, the Grantor and LGC Rhone Inc. have executed and delivered that certain Security Agreement dated as of June 29, 2015 made by the Grantor and LGC Rhone Inc. to the Security Agent (as amended, amended and restated, supplemented or otherwise modified from time to time, the "**Security Agreement**").

WHEREAS, under the terms of the Security Agreement, the Grantor has granted to the Security Agent, for the ratable benefit of the Secured Parties, a security interest in, among other property, certain intellectual property of the Grantor, and have agreed as a condition thereof to execute this IP Security Agreement for recording with the U.S. Patent and Trademark Office.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Grantor agrees as follows:

SECTION 1. Grant of Security. The Grantor hereby grants to the Security Agent for the ratable benefit of the Secured Parties a security interest in all of the Grantor' right, title and interest in and to the following (the "**Collateral**"):

- (i) the patents and patent applications set forth in Schedule A hereto;
- (ii) the trademark and service mark registrations and applications set forth in Schedule B hereto (*provided* that no security interest shall be granted in any United States intent-to-use trademark applications prior to the filing and acceptance of a "Statement of Use" or "Amendment to Allege Use" with respect thereto, to the extent that, and solely during the period, if any, in which, the grant of a security interest therein would impair the validity or enforceability of such intent-to-use trademark application and/or any registration that issues therefrom under applicable federal law), together with the goodwill symbolized thereby;;
- (iii) all reissues, divisions, continuations, continuations-in-part, extensions, renewals and reexaminations of any of the foregoing, all rights in the foregoing provided by international treaties or conventions, all rights corresponding thereto

throughout the world and all other rights of any kind whatsoever of the Grantor accruing thereunder or pertaining thereto;

(iv) any and all claims for damages and injunctive relief for past, present and future infringement, dilution, misappropriation, violation, misuse or breach with respect to any of the foregoing, with the right, but not the obligation, to sue for and collect, or otherwise recover, such damages; and

(v) all proceeds of, collateral for, income, royalties and other payments now or hereafter due and payable with respect to, and supporting obligations relating to, any and all of the foregoing.

SECTION 2. Security for Obligations. Subject to clause 21.11 (Guarantee Limitations) of the Facilities Agreement, the grant of a security interest in, the Collateral by the Grantor under this IP Security Agreement secures the payment of all money or liabilities and all other present and future obligations at any time due, owing or incurred by any Group Company and by each Debtor (as defined in the Intercreditor Agreement) to any Secured Party under any Senior Finance Document, both actual and contingent and whether incurred solely or jointly and as principal or surety or in any other capacity, together with interest thereon (all such obligations being the "**Secured Obligations**"). Without limiting the generality of the foregoing, this Agreement secures, as to the Grantor, the payment of all amounts that constitute part of the Secured Obligations and would be owed by any Obligor to any Secured Party under the Senior Finance Documents but for the fact that such Secured Obligations are limited, unenforceable or not allowable due to the existence of a bankruptcy, insolvency, reorganization, moratorium or similar laws or proceeding relating to or limiting creditors' rights generally or by equitable principles relating to enforceability, in each case involving a Senior Finance Party.

SECTION 3. Recordation. The Grantor authorizes and requests that the Commissioner for Patents and the Commissioner for Trademarks, and any of their officers, agents or representatives, as applicable, record this IP Security Agreement with the U.S. Patent and Trademark Office.

SECTION 4. Execution in Counterparts. This IP Security Agreement may be executed in any number of counterparts, each of which when so executed shall be deemed to be an original and all of which taken together shall constitute one and the same agreement.

SECTION 5. Grants, Rights and Remedies. This IP Security Agreement has been entered into in conjunction with the provisions of the Security Agreement. The Grantor does hereby acknowledge and confirm that the grant of the security interest hereunder to, and the rights and remedies of, the Security Agent with respect to the Collateral are more fully set forth in the Security Agreement, the terms and provisions of which are incorporated herein by reference as if fully set forth herein. In the event that any provision of this IP Security Agreement is deemed to conflict with the Security Agreement, the provisions of the Security Agreement shall control.

SECTION 6. Governing Law. This IP Security Agreement shall be governed by, and construed in accordance with, the laws of the State of New York.

[Remainder of Page Intentionally Left Blank]

IN WITNESS WHEREOF, the Grantor has caused this IP Security Agreement to be duly executed and delivered by its officer thereunto duly authorized as of the date first above written.
