This Trademark Assignment Agreement (this “**Assignment**”), dated as of February 16, 2016, is entered into by and between Nextant Aerospace Holdings, LLC , an Ohio limited liability company, (“**Assignor**”) and, Nextant Aerospace, LLC, an Ohio limited liability company (“**Assignee**”).

WHEREAS, Assignor is the owner of all rights, title and interest in and to the registered trademarks identified on the attached Exhibit A, the United States trademark applications and/or registrations therefor, together with all common law rights and the goodwill of the business associated therewith (the “**Marks**”), and has agreed to transfer to Assignee all right, title and interest in and to the Marks; and

WHEREAS, Assignee is desirous of acquiring all of Assignor’s rights, title and interest in and to the Marks and in and to the United States trademark applications and/or registrations therefor, together with the goodwill of the business associated therewith.

NOW, THEREFORE, for good and valuable consideration received by Assignor from Assignee, the receipt and sufficiency of which is hereby acknowledged, the parties agree as follows:

Assignment of Marks. Assignor hereby irrevocably contributes, transfers, assigns, conveys and delivers unto Assignee, its successors and assigns, without reservation of any rights, title or interest, all rights, title, and interest in and to the Marks, any and all applications and registrations therefor, including, without limiting, the applications and registrations identified on the attached Exhibit A, together with that part of the goodwill of the business associated with the use of and symbolized by the Marks, the same to be held and enjoyed by Assignee for its own use and enjoyment and the use and enjoyment of its successors, assigns, and subsidiaries, as fully and entirely as said rights, title and interest would have been held and enjoyed by Assignor if this sale, assignment, and transfer had not been made, including, without limitation, all common-law rights of Assignor in and/or to the Marks and Assignor’s right to sue for all claims, demands and/or causes of action, both at law and in equity for past, current or future claims, demands and/or causes of action, that Assignor may have on account of any infringement, claim of unfair competition, likelihood of confusion or dilution of the Marks or any other claim or cause of action related to any of the Marks prior to and following the effective date of this Assignment. Assignor hereby authorizes the appropriate empowered officials at the United States Patent and Trademark Office to transfer all registrations and pending applications for the Marks to Assignee as assignee of the entire right, title and interest therein or otherwise as Assignee may direct, in accordance with this Assignment. The Assignor further agrees, upon reasonable request and without further compensation and at its expense, that the Assignor and its legal representatives and assigns will do all lawful acts, including the execution of papers and the giving of testimony, that may be necessary or desirable for obtaining, sustaining, reissuing or enforcing said registrations in the United States and throughout the world for such Marks, and for perfecting, recording, or maintaining the title of the Assignee, its successors and assigns, to such Marks and any registrations issued for such Marks.
