NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor and Assignee agree as follows:

1. Assignor hereby sells, grants, assigns, transfers, and delivers to Assignee all of its rights, title and interests in and to the Trademarks, including without limitation the goodwill of the business appurtenant thereto and which is symbolized thereby, the right to renew any registration therefor, and any and all of Assignor’s other rights, privileges and priorities provided under state and federal law of the United States, and under the laws of any and all foreign jurisdictions with respect to the Trademarks, including without limitation, Assignor’s common law rights and rights under the laws of unfair competition, to be held and enjoyed by Assignee for its own use and benefit and for the use and benefit of its successors, assigns and legal representatives, to be used as fully and entirely as said rights would have been held and enjoyed by Assignor had this assignment and sale not been made, together with all claims for damage by reason of past, present or future infringement of said Trademark with the right to sue and collect the same for its own use or for the use of its successors, assigns or other legal representatives.
2. This Trademark Assignment shall be construed, performed and enforced in accordance with, and governed by, the laws of the State of New York without giving effect to the principles of conflicts of laws thereof.
3. Assignor agrees upon the request (and at the expense) of Assignee (or its successors, assigns, or legal representatives) to: (i) execute all oaths, assignments, powers and other documents, (ii) testify in any proceedings, and (iii) otherwise fully cooperate with Assignee, in each case to the extent reasonably necessary to perform Assignor’s obligations hereunder in connection with transferring, securing, perfecting, enforcing and defending the Trademarks and Assignee’s rights related to this Trademark Assignment. In furtherance of the foregoing, Assignor hereby grants to Assignee a limited power-of-attorney with full power of substitution, to execute, deliver and file any documents that Assignor would otherwise be obligated to execute, deliver or file pursuant to this paragraph, with the same legal force and

effect as if executed, delivered or filed by Assignor, and such limited power of attorney shall be deemed coupled with an interest for the purposes of effecting the foregoing assignment, provided, however, that any action taken, and copies of any documents executed, delivered or filed, by Assignee in accordance with that limited power of attorney shall be disclosed and furnished to Assignor and its attorney as soon as practical under the circumstances.

4. This Trademark Assignment may be executed simultaneously in one or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.
5. Assignor hereby requests the Commissioner of Patents and Trademarks, and the corresponding entities or agencies in any applicable foreign countries, to record Assignee as the assignee and owner of the Trademarks.
6. Assignor hereby represents and warrants that Assignor has the full right to convey the interest assigned by this Assignment, and has not conveyed any interest in or right to the Trademarks to any third party.
7. This Trademark Assignment may be executed in counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument.
