ASSIGNMENT OF TRADEMARKS

This Intellectual Property Assignment (the "Assignment") is entered into and made effective as of June 1, 2017, by and between **CONIX SYSTEMS, INC.** ("Assignor"), a corporation organized and existing under the laws of the state of Texas, and **CV SYSTEMS, LLC** ("Assignee"), a limited liability company organized and existing under the laws of the state of Delaware ("Assignee"). Assignor and Assignee are referred to herein, collectively, as the "Parties".

WHEREAS, Assignor and Assignee are parties to an Asset Purchase Agreement dated May 3, 2017, as amended, pursuant to which Assignee is acquiring substantially all of the assets owned by Assignor.

WHEREAS, Assignor is the owner of the trademarks set forth on Schedule E-1 attached hereto, including those which are registered with the United States Patent and Trademark Office (collectively, the "Marks"):

WHEREAS, by this Assignment, Assignor desires to assign and transfer to Assignee all of its right, title and interest in the Marks and all common law rights and goodwill relating thereto;

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor hereby irrevocably assigns, transfers, and conveys to Assignee, and Assignee hereby accepts:

All right, title, and interest in and to the Marks worldwide (including, without limitation, all applications and registrations resulting therefrom and all renewals and extensions thereof), together with the worldwide goodwill of the business associated with or symbolized by the Marks, including all common law, trade dress, copyrights, goodwill, statutory, and other rights in the Marks, including, without limitation, designs or logos incorporating the Marks or used in association with the Marks, and publications including the mark, with the right to recover for damages and profits and all other remedies for past infringements thereof, to have and to hold for Assignee's own use and benefit and the benefit of Assignee's successors, assigns, or legal representatives.

Assignor hereby agrees to execute any and all documents and to do any other acts as may be reasonably required to further effectuate the assignment of its interest in the Marks to Assignee. Assignor appoints Assignee as its attorney-in-fact, with full power of substitution and delegation, to execute any and all such documents and do any and all such other acts in order to effectuate the assignment set forth in this document, and to record the assignment with the United States Patent and Trademark Office or other relevant governmental authority.

This Assignment may be executed in counterparts which, when taken together, will constitute one and the same agreement.
