TRADEMARK ASSIGNMENT AGREEMENT

This Trademark Assignment Agreement (“**Agreement**”) is made and entered into as of May 11, 2018, by and between Cask Data, Inc., a Delaware corporation (“**Assignor**”), and Google LLC, a Delaware limited liability company (“**Assignee**” and together with Assignor, the “**Parties**”).

WHEREAS, the Parties have entered into a certain Asset Purchase Agreement (the “**Purchase Agreement**”), dated as of May 10, 2018;

WHEREAS, pursuant to the Purchase Agreement, the Parties have agreed that Assignor shall sell, convey, assign and otherwise transfer, or cause to be sold, conveyed, assigned and otherwise transferred, as applicable, to Assignee, by appropriate instruments of conveyance, all of Assignor’s right, title and interest in and to the trademarks set forth in the attached Schedule A (the “**Assigned Trademarks**”).

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged:

1. Assignment. Assignor hereby sells, conveys, assigns and otherwise transfers to Assignee, its successors and assigns, all of Assignor’s right, title and interest, whether statutory or at common law, in and to (i) the Assigned Trademarks, together with all the goodwill of the business symbolized thereby all countries throughout the world; (ii) all registrations and applications (including intent-to-use applications) for the Assigned Trademarks in all countries throughout the world; and (iii) all benefits, privileges, causes of action, common law rights, and remedies relating thereto throughout the world, including, without limitation, all of Assignor’s rights to: (a) apply for and maintain all registrations, renewals and/or extensions thereof, (b) bring actions and recover damages for past, present and future infringement or other violation thereof, and (c) grant licenses or other interests therein.
2. Further Assurances. Assignor agrees that Assignee shall have the right to file or record this Agreement with the United States Patent and Trademark Office or similar entities throughout the world, and Assignor authorizes and requests the relevant authorities to record Assignee as the assignee and owner of the Assigned Trademarks. Assignor agrees to execute such further documents and to perform such other acts as may be necessary or reasonably desirable to vest all of Assignor's right, title and interest in and to the Assigned Trademarks throughout the world in Assignee or as may be necessary or reasonably desirable to obtain, renew, or issue the Assigned Trademarks, including instructing the registrar for the Assigned Trademarks to transfer the Assigned Trademarks to Assignee.
3. Counterparts. This Agreement may be executed in several counterparts, each of which shall be deemed an original, but all of which together will constitute one and the same instrument. Counterparts of this Agreement (or applicable signature pages hereof) that are signed and delivered by facsimile or other electronic transmission shall be deemed to constitute signed original counterparts hereof and shall bind the parties signing and delivering in such manner.

4. Governing Law. This Agreement shall be governed by and construed in accordance with the laws of the State of California, regardless of the laws that might otherwise govern under applicable principles of conflicts of laws thereof.
5. Severability. In the event that any provision of this Agreement or the application thereof, becomes or is declared by a court of competent jurisdiction to be illegal, void or unenforceable, the remainder of this Agreement will continue in full force and effect and the application of such provision to other Persons or circumstances will be interpreted so as reasonably to effect the intent of the parties hereto. The parties further agree to replace such void or unenforceable provision of this Agreement with a valid and enforceable provision that will achieve, to the extent possible, the economic, business and other purposes of such void or unenforceable provision.

IN WITNESS WHEREOF, the undersigned have caused this instrument to be signed by a duly authorized representative as of the date first written above.
