WHEREAS, Sellers and Buyer have entered into a certain Acquisition Agreement, dated as of December 19, 2018 (the “**Acquisition Agreement**”), pursuant to which, among other things, Sellers agreed to assign to Buyer, and Buyer agreed to accept from Sellers all of Sellers' registered and unregistered right, title, and interest in and to the Trademarks listed in Schedule A hereto (the “**Trademarks**”), including the ongoing and existing business relating to the Trademarks and the goodwill associated with use of the Trademarks. Capitalized terms used herein but not defined shall have the meanings set forth in the Acquisition Agreement.

NOW, THEREFORE, in consideration of the mutual covenants set forth below, and of other good and valuable consideration, the receipt of which are hereby acknowledged, the parties hereto agree as follows:

1. Assignment of Trademarks. Sellers hereby irrevocably assign, transfer, and convey to Buyer all of the Sellers' right, title and interest in and to the Trademarks including, without limitation, all applications, registrations, issuances, divisionals, extensions, renewals, and all statutory, common law or international rights relating to the Trademarks, including the right to sue and recover damages for past infringement(s), together with the goodwill of the business related to the Trademarks. Any fees, costs, and expenses for the recording of this Assignment with the appropriate governmental entities, trademark offices, and/or registrars shall be borne by Buyer. For the avoidance of doubt, and irrespective of any recordal or non-recordal of this Assignment, Buyer is solely responsible for maintaining and renewing the Trademarks from and after the Closing Date, including but not limited to monitoring and satisfying any applicable deadlines.

2. Terms of the Acquisition Agreement. The terms of the Acquisition Agreement, including, but not limited to, the representations, warranties, covenants, agreements and indemnities relating to the Trademarks are incorporated herein by this reference. The parties hereto acknowledge and agree that the representations, warranties, covenants, agreements and indemnities contained in the Acquisition Agreement shall not be superseded hereby but shall remain in full force and effect to the full extent provided therein. For the avoidance of doubt, the parties agree that Buyer may file its original or a copy of this Assignment with the appropriate governmental entities, trademark offices, and/or registrars as required by local law in order for Buyer to record this Assignment against any registered Trademarks. However, Buyer may not file an original or copy of the Acquisition Agreement with any such government entity, trademark office, or registrar without the express prior written consent of Sellers. In the event that any such government entity, trademark office, or registrar requires or requests that Buyer file an original or copy of the Acquisition Agreement in order for Buyer to record this Assignment against any registered Trademarks, Sellers agree, in addition to their foregoing obligations, to reasonably cooperate with Buyer to prepare sufficient alternative documentation in order for Buyer to record the Assignment against such registered Trademarks.
