## **TRADEMARK ASSIGNMENT**

This TRADEMARK ASSIGNMENT (this "Assignment") is made as of February 13, 2019 (the "Effective Date") among James P. Jarrett, also known as Jim P. Jarrett, a Michigan resident and Craig S. Fisher, a Michigan resident (each, an "Assignor"), and AIM Plastics, Inc., a Michigan corporation ("Assignee"). Each of Assignors and Assignee are referred to as a "Party" and together as the "Parties".

WHEREAS, Assignors wish to assign all of their rights, title and interests in the Assigned Trademark Rights (defined below) to Assignee.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties agree as follows:

1. Assignors hereby do sell, transfer, assign and deliver unto Assignee, and Assignee hereby assumes and accepts, all of Assignors' right, title and interest, of whatever kind, throughout the world, in and to: (a) the Trademark identified in the attached Schedule A (the "Trademark"), together with all of the goodwill associated with and symbolized by the use of the Trademark; (b) all corresponding rights at common law or otherwise that are or may be secured under the laws of the United States or any foreign country, now or hereafter in effect in the foregoing; (c) all documentation, records and tangible embodiments relating to the Trademark, including documentation evidencing continuous use of the Trademark; (d) all royalties, fees, income, payments, and other proceeds now or hereafter due or payable to either Assignor with respect to the foregoing; (e) all rights to create new trademarks that incorporate the foregoing; and (f) all defenses, claims and causes of action with respect to any of the foregoing, whether accruing before, on, or after the date hereof, including all rights to and claims for damages, restitution, and injunctive and other legal and equitable relief for past, present, and future infringement, dilution, violation, breach, or default of the foregoing (collectively (a) through (f), the "Assigned Trademark Rights").

2. Each Assignor hereby authorizes and requests the competent authorities including without limitation an official of the United States Patent and Trademark Office whose duty is to use trademark registration or other evidence or forms of intellectual property and/or industrial property protection on applications as aforesaid, to issue the same to the Assignee, its successors, and assigns, in accordance with the terms of this Agreement.

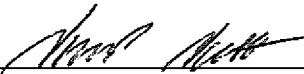

3. Each Assignor shall promptly execute and deliver such documents, and do and perform such acts and things as Assignee, its legal representatives, its successors, and/or assigns may reasonably request to give effect to, document and record, perfect and enforce the assignment herein recited, including without limitation prompt production of pertinent facts and documents in its possession or under its control, giving of testimony, execution of papers, and other assistance all to the extent reasonably necessary or desirable for: (a) perfecting all right, title and interest herein conveyed; and (b) legal proceedings involving any trademark and any applications therefor, including without limitation opposition proceedings, infringement actions and court actions; provided, however, that the expense incurred by Assignors in providing such cooperation shall be paid for by Assignee.

4. This Assignment shall be binding upon and inure to the benefit of the Parties and their respective successors and assigns. This Assignment and any claim, controversy, dispute or cause of action (whether in contract, tort or otherwise) based upon, arising out of or relating to this Assignment shall be governed by and construed in accordance with the laws of the United States (regardless of the laws that might otherwise govern under applicable principles of conflicts of laws thereof). This Assignment may be executed in the original or by facsimile in any number of counterparts, each of which shall be deemed an original and all of which together shall constitute one and the same instrument.
