TRADEMARK ASSIGNMENT

This Trademark Assignment (this "Assignment") is made effective as of December 19, 2018 (the "Effective Date"), by and between **International Sports Sciences Association**, a California partnership also known as Salvatore A. Arria, et al, Partners ("Assignor"), and **International Sports Sciences Association, LLC**, a California limited liability company ("Assignee").

Assignor owns the registered U.S. Trademarks set forth in Exhibit A (hereinafter collectively referred to as the "Marks").

Assignor is converting from a California partnership to a California limited liability company, under the name of Assignee, and although ownership of the Marks will pass from Assignor to Assignee by operation of law upon such conversion, Assignor is filing this Trademark Assignment to update the registered owner name of the Marks on file with the United States Patent and Trademark Office.

NOW, THEREFORE, in consideration of the foregoing premises, and for other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, Assignor hereby makes the transfer and assignment of all rights in the Marks as follows:

1. Trademark Assignment. Assignor hereby sells, assigns, grants, conveys, transfers and delivers to Assignee, its successors and assigns, all of Assignor's right, title, benefit, privilege and interest in, to, and under each Mark, together with any applications and/or registrations thereof, and the goodwill of the business symbolized thereby, including all common law rights and all claims for damages by reason of past and future infringements of any Mark, with the right to sue and collect therefor, and all rights corresponding to any of the above throughout the world. Assignee is to hold all right, title, and interest in and to the Marks as fully and exclusively as it would have been held and enjoyed by Assignor had the sale, assignment, grant, conveyance, transfer and delivery in this Assignment not been made, including the right to claim first use on the date of first use by Assignor. Assignor further assigns any common law marks and any variations of the Marks.

2. Further Action by Assignor. Assignor further agrees that, on request and without further consideration (but at the expense of Assignee), Assignor will communicate to Assignee, or its representatives, all facts known to it respecting the Marks, testify in any legal proceedings, sign all lawful papers, execute all applications, assist in all trademark registrations, make all rightful oaths, and generally do everything possible to aid Assignee, its successors, assigns and nominees, to obtain and enforce proper trademark protection for the Marks in the United States and all foreign countries.

3. Parties Bound. This Assignment shall be binding upon and inure to the benefit of Assignor and Assignee and their respective successors and permitted assigns.

4. Counterparts. This Assignment may be executed in counterparts, each of which shall be deemed an original, and all of which taken together shall constitute one and the same instrument, and a portable document format (pdf) transmission or other electronic format shall be deemed to be an original signature for all purposes under this Assignment.

[Remainder of page intentionally blank; signature page with notary is the final page]

IN WITNESS WHEREOF, the undersigned have executed this Assignment as of the day and year first above written.
