## TRADEMARK SECURITY AGREEMENT

THIS TRADEMARK SECURITY AGREEMENT (“*Trademark Security Agreement*”), dated as of April 24, 2019, is made by PERLICK CORPORATION, a Wisconsin corporation (the “*Grantor*”), in favor of BMO HARRIS BANK N.A., a national banking association (the “*Lender*”).

WHEREAS, Grantor has entered into a Credit and Security Agreement, dated as of even date herewith (the “*Credit Agreement*”), with the Lender and the guarantors from time to time parties thereto (the “*Guarantors*”); and

WHEREAS, under the terms of the Credit Agreement, Grantor has granted to the Lender a first-priority security interest in, among other property, certain intellectual property of Grantor, and has agreed to execute and deliver this Trademark Security Agreement, for recording with national, federal and state government authorities, including, but not limited to, the United States Patent and Trademark Office.

NOW THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Grantor agrees with the Lender as follows:

1. *Grant of Security.* Grantor hereby pledges and grants to the Lender a first-priority security interest in and to all of the right, title and interest of Grantor in, to and under the following, wherever located, and whether now existing or hereafter arising or acquired from time to time (the “*IP Collateral*”):

(a) the trademark registrations and applications listed on Schedule 1 attached hereto, together with the goodwill connected with the use of and symbolized thereby and all extensions and renewals thereof (the “*Trademarks*”), excluding only United States intent-to-use trademark applications to the extent that, and solely during the period in which, the grant, attachment or enforcement of a security interest therein would, under applicable federal law, impair the registrability of such applications or the validity or enforceability of registrations issuing from such applications;

(b) all rights of any kind whatsoever of Grantor accruing under any of the Trademarks provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world;

(c) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the Trademarks; and

(d) any and all claims and causes of action, with respect to any of the Trademarks, whether occurring before, on or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. *Recordation.* Grantor authorizes the Commissioner for Trademarks and any other government officials to record and register this Trademark Security Agreement upon request by the Lender.

3. *Loan Documents.* This Trademark Security Agreement has been entered into pursuant to and in conjunction with the Credit Agreement, which is hereby incorporated by reference. The provisions of the Credit Agreement shall supersede and control over any conflicting or inconsistent provision herein. The rights and remedies of the Lender with respect to the IP Collateral are as provided by the Credit Agreement and the other Loan Documents, and nothing in this Trademark Security Agreement shall be deemed to limit such rights and remedies.

4. *Execution in Counterparts.* This Trademark Security Agreement may be executed in counterparts (and by different parties hereto in different counterparts), each of which shall constitute an original, but all of which when taken together shall constitute a single contract. Delivery of an executed counterpart of a signature page to this Trademark Security Agreement by facsimile or in electronic (i.e., "pdf" or "tif" format) shall be effective as delivery of a manually executed counterpart of this Trademark Security Agreement.

5. *Successors and Assigns.* This Trademark Security Agreement will be binding on and shall inure to the benefit of the parties hereto and their respective successors and assigns.

6. *Governing Law.* This Trademark Security Agreement and any claim, controversy, dispute or cause of action (whether in contract or tort or otherwise) based upon, arising out of or relating to this Trademark Security Agreement and the transactions contemplated hereby and thereby shall be governed by, and construed in accordance with, the laws of the United States and the State of Wisconsin, without giving effect to any choice or conflict of law provision or rule.

7. *Notices.* All written notices and other communications required hereunder shall be sent to addresses as set forth in the Credit Agreement.
