ASSIGNMENT OF TRADEMARKS

This Assignment of Trademarks ("**Assignment**") is made effective as of the 16th day of June, 2017 (the "**Effective Time**") by AH Acquisition, LLC, a Delaware limited liability company ("**Assignor**") in favor of American Hauler Inc., an Indiana corporation ("**Assignee**"). Capitalized terms used but not defined herein shall have the meanings ascribed to such terms in the Asset Purchase Agreement dated June 16, 2017, among Assignor, Assignee and the other parties thereto (the "**Purchase Agreement**").

WHEREAS, Assignor is the sole and exclusive owner of the trademarks set forth on **Exhibit A** attached hereto, together with any common law rights in such marks and the goodwill associated therewith (the "**Trademarks**"), and

WHEREAS, Assignor agreed to assign all of its intellectual property assets, including, without limitation, the Trademarks, to Assignee pursuant to the terms of the Purchase Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor does hereby assign, grant and convey to Assignee and its successors and assigns as of the Effective Time:

1. All right, title and interest of Assignor, throughout the world, in and to the Trademarks, together with the goodwill of the business associated with the use of and symbolized by the Trademarks, and any and all applications (including both use and intent-to-use applications) and issued registrations with respect to the same, and the right to sue, recover damages and bring action for any and all infringements and unauthorized uses of the Trademarks; and

2. To the extent assignable by the Assignor, all right, title, and interest of Assignor, if any, throughout the world, in and to any other trademarks and service marks utilized in connection with products and/or services manufactured, marketed, distributed and/or sold by and/or on behalf of Assignor in connection with the business, if any, whether or not registered, together with the goodwill of the business associated with the use of and symbolized by such marks and names, any associated registrations of such marks and names, and the right to sue and bring action for any and all infringements and unauthorized uses of such marks and names.

In the event that Assignor or Assignee becomes aware after the date hereof of any intellectual property assets owned by any of the Assignor that would, if properly scheduled, have been considered Trademarks as of the date hereof, then Assignee shall be entitled to add such items to **Exhibit A** and such items shall be deemed to be "Trademarks" hereunder for all purposes of this Assignment.

Assignor will, upon request of Assignee, execute any other documents which may be reasonably necessary or reasonably requested by Assignee to perfect in Assignee the rights, title and interest herein conveyed in the United States or in any other country.

This Assignment shall be governed by and construed in accordance with the laws of the State of Delaware. The terms and conditions of this Assignment shall be binding upon and

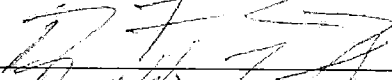

shall inure to the benefit of the parties hereto and their respective successors and assigns. This Assignment may be executed in one or more counterparts, each of which shall be deemed to be an original and all of which, when taken together, shall be deemed to constitute one and the same instrument.
