(iii) trademark and servicemark rights, whether registered or not, applications to register and registrations of the same and like protections, and the entire goodwill of the business of Grantor connected with and symbolized by such trademarks (collectively, the “Trademarks”), including the Trademarks described in Exhibit C;

(iv) mask work or similar rights available for the protection of semiconductor chips, now owned or hereafter acquired (collectively, the “Mask Works”), including Mask Works described in Exhibit D;

(ix) amendments, renewals and extensions of any of the Copyrights, Trademarks, Patents, or Mask Works; and

(x) proceeds and products of the foregoing, including without limitation all payments under insurance or any indemnity or warranty payable in respect of any of the foregoing.
