Recordable Confirmatory Trademark Assignment (US)

This Recordable Confirmatory Trademark Assignment (“Trademark Assignment”), effective as of October 31, 2020, is made by and between Schlumberger Technology Corporation (“Assignor”), and Schlumberger Lift Solutions, LLC (“Assignee”) (collectively referred to as the “Parties”).

WHEREAS, pursuant to the Intellectual Property Assignment Agreement between the Parties dated as of October 31, 2020 (the “Agreement”), Assignor has sold, assigned, transferred, conveyed and delivered to Assignee all right, title and interest in, to and under the trademark registrations and trademark applications identified in Schedule A attached hereto (the “Trademarks”), along with the goodwill associated therewith or symbolized thereby, and Assignee has acquired all of Assignor’s right, title and interest in and to the Trademarks; and

WHEREAS, the Parties wish to record such acquisition in the United States Patent and Trademark Office (the “USPTO”).

NOW, THEREFORE, for good and valuable consideration, receipt of which is hereby acknowledged, the Parties hereby agree as follows:

Capitalized terms used herein and not defined herein have the meanings set forth in the Agreement.

Pursuant to the Agreement, Assignor hereby irrevocably sells, assigns, transfers, conveys and delivers to Assignee, all of Assignor’s right, title and interest in, to and under (i) the Trademarks, (ii) all goodwill associated with the use of or symbolized by the Trademarks, (iii) all income, royalties and payments now or hereafter due or payable and all rights of enforcement and the right to damages for past, present and future infringement, unfair competition, passing off, misappropriation, dilution or other conflicts relating to the Trademarks, and (iv) all other rights, including common law rights, in the Trademarks, to the extent such rights exist now or may exist in the future, each to be held and enjoyed by Assignee for its own use and benefit and for the use and benefit of its successors, assigns and legal representatives as said rights would have been held and enjoyed by Assignor had this assignment and sale not been made.

Notwithstanding anything to the contrary contained herein, the Trademarks shall not include any application for registration of a Trademark that would be invalidated, canceled, voided or abandoned due to the contribution, assignment and/or conveyance of the Trademarks hereunder, including intent-to-use applications filed with the USPTO pursuant to 15 USC Section 1051(b) prior to the filing of a statement of use or amendment to allege use pursuant to 15 USC Section 1051(c) or (d), unless and until such time that the contribution, assignment and/or conveyance of the Trademarks hereunder will not cause such Trademark to be invalidated, cancelled, voided or abandoned.

Assignor hereby authorizes the Commissioner for Trademarks in the USPTO, other empowered officials of the USPTO and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this Trademark Assignment.

This Trademark Assignment is subject to all the terms and conditions of the Agreement. The Parties intend that this Trademark Assignment is for recordation purposes only and its terms shall not modify and shall be subject to the applicable terms and conditions of the Agreement, which govern the Parties' rights and interests in the Assigned IP.

This Trademark Assignment, and all matters, claims or causes of action (whether in contractor or tort) based upon, arising out of or relating to this Trademark Assignment or the negotiation, execution or performance of this Trademark Assignment, shall be governed by and construed in accordance with, the laws of the State of Delaware, without giving effect to any choice or conflict of laws provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the laws of any jurisdiction other than the State of Delaware.

This Trademark Assignment may be executed by the Parties in separate counterparts, each of which when so executed shall be deemed to be an original and all of which when taken together shall constitute a single agreement.
