INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT

This INTELLECTUAL PROPERTY ASSIGNMENT AGREEMENT (“IP Assignment”), dated as of February 10, 2021, is made by Protective Business & Health Systems, Inc., a New York corporation (“Seller”), in favor of RW PBHS Acquisitionco, a Delaware limited liability company (“Buyer”), pursuant to that certain Asset Purchase Agreement, dated as of the date hereof, by and among Buyer, Seller and Jay Levine, an individual (the “Purchase Agreement”). Capitalized terms used but not otherwise defined herein have the respective meanings given to such terms in the Purchase Agreement.

WHEREAS, under the terms of the Purchase Agreement, Seller has agreed to, among other things, sell, assign, transfer, convey and deliver to Buyer all Seller Intellectual Property, and has agreed to execute and deliver this IP Assignment to Buyer; and

WHEREAS, in accordance with Section 3.02(a)(iii) and Section 3.02(b)(v) of the Purchase Agreement, the parties to this IP Assignment wish to evidence and effect such sale, assignment, transfer, conveyance and delivery as set forth below.

NOW, THEREFORE, in consideration of the mutual covenants and agreements contained in this IP Assignment and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties hereto agree as follows:

1. Assignment. Seller hereby irrevocably sells, assigns, transfers, conveys and delivers to Buyer, and Buyer hereby accepts, all of Seller’s right, title and interest in and to all Seller Intellectual Property, including, without limitation, each of the following (collectively, the “Assigned IP”):

(a) the patents and patent applications set forth on Schedule 1 hereto and all issuances, divisions, continuations, continuations-in-part, reissues, extensions, reexaminations, and renewals thereof (the “Patents”);

(b) the trademarks, service marks, trade dress and the registrations and applications therefor set forth on Schedule 2 hereto and all extensions and renewals thereof (the “Trademarks”), together with the goodwill of the business connected with the use of, and symbolized by, the Trademarks;

(c) the domain names set forth on Schedule 3 hereto;

(d) all rights of any kind whatsoever of Seller accruing under any of the foregoing provided by applicable law of any jurisdiction, by international treaties and conventions and otherwise throughout the world;

(e) any and all royalties, fees, income, payments and other proceeds now or hereafter due or payable with respect to any and all of the foregoing; and

(f) any and all claims and causes of action, with respect to any of the foregoing, whether accruing before, on and/or after the date hereof, including all rights to and claims for damages, restitution and injunctive and other legal and equitable relief for past, present and future infringement, dilution, misappropriation, violation, misuse, breach or default, with the right but no obligation to sue for such legal and equitable relief and to collect, or otherwise recover, any such damages.

2. Recordation and Further Actions. Seller hereby authorizes the Commissioner for Patents and the Commissioner for Trademarks in the United States Patent and Trademark Office and the officials of corresponding entities or agencies in any applicable jurisdictions to record and register this IP Assignment

upon request by Buyer. Seller will provide such cooperation and assistance to Buyer and its successors, assigns and legal representatives, including the execution and delivery of any affidavits, declarations, oaths, exhibits, assignments, powers of attorney or other documents, as may be necessary to effect, evidence or perfect the assignment of the Assigned IP to Buyer, or any assignee or successor thereto.

3. Conflict with the Purchase Agreement. This IP Assignment is subject to and controlled by the terms of the Purchase Agreement, including, without limitation, all of the representations, warranties, covenants, indemnities and agreements set forth in the Purchase Agreement. In the event of a conflict between the terms and conditions of this IP Assignment and the terms and conditions of the Purchase Agreement, the terms and conditions of the Purchase Agreement shall govern, supersede and prevail. Notwithstanding anything to the contrary in this IP Assignment, nothing herein is intended to, nor shall it, extend, amplify, or otherwise alter the representations, warranties, covenants and obligations of the parties contained in the Purchase Agreement or the survival thereof.

4. Enforceability. If any term or provision of this IP Assignment is invalid, illegal or unenforceable in any jurisdiction, such invalidity, illegality or unenforceability shall not affect any other term or provision of this IP Assignment or invalidate or render unenforceable such term or provision in any other jurisdiction.

5. Governing Law. This IP Assignment shall be governed by and construed in accordance with the Laws of the United States and the State of Delaware without giving effect to any choice or conflict of Law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of the Laws of any jurisdiction other than the United States and the State of Delaware.

6. Entire Agreement. This IP Assignment, the Purchase Agreement and the other Transaction Documents embody the complete agreement and understanding among the parties hereto with respect to the subject matter hereof and supersede and preempt any prior understandings, agreements or representations by or among the parties hereto, written or oral, which may have related to the subject matter hereof in any way.

7. Amendment; Waiver. This IP Assignment may only be amended, modified or supplemented by an agreement in writing signed by each party hereto. No waiver by any party hereto of any of the provisions hereof shall be effective unless explicitly set forth in writing and signed by the party hereto so waiving. No waiver by any party hereto shall operate or be construed as a waiver in respect of any failure, breach or default not expressly identified by such written waiver, whether of a similar or different character, and whether occurring before or after that waiver. No failure to exercise, or delay in exercising, any right, remedy, power or privilege arising from this IP Assignment shall operate or be construed as a waiver thereof, nor shall any single or partial exercise of any right, remedy, power or privilege hereunder preclude any other or further exercise thereof or the exercise of any other right, remedy, power or privilege.

8. Headings. The section headings contained in this IP Assignment are inserted for convenience only and shall not affect in any way the meaning or interpretation of this IP Assignment.

9. Counterparts. This IP Assignment may be executed in two or more counterparts, each of which shall be deemed an original, but all of which together shall constitute one and the same instrument. This IP Assignment and any amendments hereto, to the extent signed and delivered by means of digital imaging or electronic mail, shall be treated in all respects as an original contract and shall be considered to have the same binding legal effects as if it were the original signed version thereof delivered in person.

10. No Third-Party Beneficiaries; Assignment. This IP Assignment shall be binding upon and inure solely to the benefit of the parties hereto and their respective successors and permitted assigns and nothing herein, express or implied, is intended to or shall confer upon any other Person any legal or equitable right,

benefit or remedy of any nature whatsoever under or by reason of this IP Assignment. No party hereto may assign either this IP Assignment or any of such party's rights, interests or obligations hereunder without the prior written approval of the other parties hereto; provided that Buyer may (a) assign any or all of its rights and interests hereunder to one or more of its Affiliates or to any of its financing sources as collateral security and (b) designate one or more of its Affiliates to perform its obligations hereunder.
