TRADEMARK AND DOMAIN NAME ASSIGNMENT

THIS TRADEMARK AND DOMAIN NAME ASSIGNMENT (this “**Assignment**”) is made as of September 30, 2020 by and among Verastem, Inc., a Delaware corporation with an address at 117 Kendrick Street Suite 500, Needham, MA 02494 (the “**Seller**”) and Verastem Europe GmbH, a wholly-owned subsidiary of the Seller incorporated in Germany with an address at Lange Strasse 70, 29664 Walsrode, Germany (the “**Seller Subsidiary**” and together with the Seller, the “**Assignors**”), on the one hand, and Secura Bio, Inc., a Delaware corporation with an address at 1995 Village Center Circle, Suite 128, Las Vegas, Nevada 89134 (the “**Assignee**”), on the other hand.

WHEREAS, an Assignor is the record owner of the trademarks set forth in the attached Schedule I (the “**Marks**”) and the domain names listed in Schedule II (the “**Domain Names**”); and

WHEREAS, the Assignors and the Assignee have entered into an Intellectual Property Assignment Agreement dated as of September 30, 2020 (the “**Agreement**”) and pursuant to the Agreement, the Assignee wishes to acquire from the Assignors, and the Assignors wish to transfer to the Assignee, said Marks and the goodwill associated with such Marks and the Domain Names.

NOW, THEREFORE, in consideration of ten dollars and other good and valuable consideration paid to the Assignor by the Assignee, including the Agreement and the consideration recited therein, the receipt and sufficiency of which is hereby acknowledged, the Assignors and the Assignee agree as follows:

1. The Assignors, on behalf of themselves and any other Seller Entities (as defined or referenced in the Agreement), hereby irrevocably and unconditionally sell, assign, transfer, convey and deliver to the Assignee, its successors and assigns, their entire right, title and interest in, to and under (a) the Marks, all applications and registrations of any of the Marks and all common law trademark rights therein and thereto, together with the goodwill of its business symbolized by the Marks, and all rights of action accrued and to accrue under and by virtue thereof, and (b) the Domain Names and all registrations thereof, including for each of (a) and (b), all rights to enforce any of the foregoing and all income, royalties, milestone payments, other license or sublicense-related rights to receive damages and payments due or payable as of the date of this Assignment or thereafter, including damages and payments for past, present or future infringements, violations or misappropriations thereof, the right to sue, bring claims or causes of action for and secure and recover damages for past, present and future infringement, dilution, misappropriation or violation, and any and all corresponding rights and remedies therein and other equivalent rights that, now or hereafter, may be secured throughout the world; provided that, with respect to the United States intent-to-use trademark applications set forth on Schedule I, the transfer of such applications accompanies the transfer of the business, or portion of the business to which the intent-to-use trademark application pertains, and that business is ongoing and existing (all of the foregoing, collectively, the “**Assigned Marks and Domain Names**”). The Assignors agree to execute all documents and assignments and to perform such other acts as the Assignee may reasonably request to secure to it the rights hereby conveyed.

2. Without limiting the foregoing or any obligations of Seller under the Purchase Agreement or Transition Services Agreement, the Assignors will provide to the Assignee, its successors, assigns or other legal representatives, reasonable cooperation and assistance to Assignee in perfecting and enforcing the full benefits, enjoyment, rights, title and interest throughout the world in the Assigned Marks and Domain Names and shall duly execute and deliver or cause to be executed and delivered all instruments of sale, conveyance, transfer and assignment, and notices, releases, acquittances and other documents and perform such further acts reasonably requested by the Assignee, as may be necessary to sell, assign, transfer, convey and deliver to, and consolidate, vest and record in the Assignee, full ownership of the Assigned Marks and Domain Names and other rights conveyed herewith. In the event either Assignor incurs any reasonable, out-of-pocket costs, expenses or fees in connection with the performance of its obligations pursuant to this paragraph, the Assignee shall promptly reimburse such Assignor for any such amounts, excluding (i) any salaries, benefits or other compensation for officers, employees or consultants of such Assignor, and (ii) any attorneys' fees. Without limiting the generality of the foregoing, promptly upon execution of this Assignment, Assignor agrees to cooperate with Assignee to follow Assignee's reasonable instructions in order to fully effectuate the transfer of the registration of the Domain Names in a timely manner. Specifically, Assignor agrees to correspond with the appropriate Domain Names registrar to authorize and instruct transfer of the Domain Names and to follow the procedures of, and to enter into, any agreement of the Domain Name registrar to effect such transfer.
3. The Assignors hereby request the U.S. Commissioner of Patents and Trademarks to record this Assignment, as to the assigned Marks referred to herein.
4. The Assignors hereby request and authorize Goodwin PR, of 100 Northern Ave, Boston, MA 02210, or other firm authorized to act on behalf of the Assignee with respect to the Marks or Domain Names, to insert hereon any further identification information necessary or desirable for recordation of this document, including without limitation the filing date and registration number or application number of assigned applications or registrations, if not yet known, when known.
5. This Assignment is being delivered in connection with and subject to the Agreement and to the extent of any conflict between this Assignment and the Agreement, the Agreement shall control. Notwithstanding any other provisions of this Agreement to the contrary, nothing contained herein shall in any way supersede, modify, replace, amend, change, rescind, waive, exceed, expand, enlarge or in any way affect the provisions, including warranties, covenants, agreements, conditions, representations or, in general, any of the rights and remedies, or any of the obligations, of the parties set forth in the Purchase Agreement.
6. Whenever possible, each provision of this Assignment will be interpreted in such a manner as to be effective and valid under applicable laws and regulations, but if any provision of this Assignment is held to be prohibited by or invalid under applicable laws and regulations, such provision will be ineffective only to the extent of such prohibition or

invalidity, without invalidating the remainder of such provision or the remaining provisions of this Assignment. It is understood that any finding of invalidity of one assignment as effected hereby shall not affect the assignment of other Marks or Domain Names assigned to the Assignee hereunder. Except as otherwise explicitly specified to the contrary, the word “including” (in its various forms) means “including without limitation”.

7. This Assignment shall be construed and enforced in accordance with the internal laws (and not the law of conflicts of laws) of the United States of America and the State of Delaware. This Assignment may be executed and delivered, including by facsimile transmission or .pdf, .tif, .gif, .jpeg or similar attachment to electronic mail (any such delivery, an “**Electronic Delivery**”) in one or more counterparts, all of which shall be considered one and the same agreement and shall become effective when one or more counterparts have been signed by each of the parties hereto and delivered to the other parties, it being understood that all parties need not sign the same counterpart. No party hereto shall raise the use of Electronic Delivery to deliver a signature or the fact that any signature or agreement or instrument was transmitted or communicated through the use of Electronic Delivery as a defense to the formation of a contract, and each party forever waives any such defense, except to the extent such defense relates to lack of authenticity.
