CONFIRMATORY TRADEMARK ASSIGNMENT

This CONFIRMATORY TRADEMARK ASSIGNMENT ("Trademark Assignment"), dated effective as of December 1, 2019 ("Effective Date"), is entered into by and between InsynQ, LLC, a Delaware limited liability company ("Assignor"), and Summit Hosting LLC, a Georgia limited liability company ("Assignee"). This Trademark Assignment is being executed pursuant to a Contribution Agreement dated of even date herewith, by and among Assignor and Assignee ("Contribution Agreement"). Capitalized terms used but not otherwise defined in this Trademark Assignment shall have the meanings assigned to them in the Contribution Agreement.

BACKGROUND

Assignor is the owner of all rights, title, and interest in the trademarks set forth in the attached Schedule A (the "Marks").

Assignee wishes to acquire from Assignor, and Assignor wishes to transfer to Assignee, all of Assignor's rights, title, and interest in and to the Marks.

The parties have entered into the Contribution Agreement in which, among other things, Assignor agreed to assign all its intellectual property rights in certain assets, including the Marks, to Assignee, and this Trademark Assignment is entered into in confirmation of and pursuant to the terms of the Contribution Agreement.

NOW, THEREFORE, for good and valuable consideration, the receipt and sufficiency of which the parties hereby acknowledge, the parties, intending to be legally bound, hereto agree as follows:

AGREEMENT

Assignor hereby assigns, transfers, and conveys to Assignee, and Assignee hereby accepts, Assignor's entire and undivided right, title and interest, whether now existing or hereafter acquired, in and to the Marks, together with all the associated goodwill of its business symbolized by the Marks, and all applications and registrations of the Marks, as well as all rights to injunctive relief, damages and profits, due or accrued, arising out of all causes of action, past, present and future, pertaining to the Marks, including infringement of the Marks, or other violations, or injury to the said goodwill, and the right to sue, either at law or in equity, and recover the same in Assignee's own name; provided that, with respect to United States intent-to-use trademark applications set forth in Schedule A, the transfer of such applications accompanies the transfer of Assignor's business, or portion of the business to which the intent-to-use trademark application pertains, and that business is ongoing and existing.

Assignor will provide to Assignee, its successors, assigns and other legal representatives, reasonable cooperation and assistance, and do all acts and take such further action, including the execution, acknowledgment and delivery of such additional documents as Assignee may reasonably request, to carry out and fulfill the purposes and intent of this Trademark Assignment.

This Trademark Assignment shall be binding upon and inure to the benefit of the parties hereto, and their permitted successors in interest and assigns.

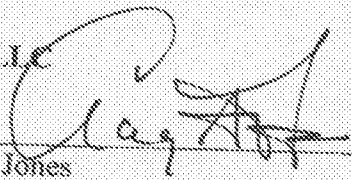

All matters relating to the interpretation, construction, validity and enforcement of this Trademark Assignment shall be governed by and construed in accordance with the domestic laws of the State of Delaware without giving effect to any choice or conflict of law provision or rule (whether of the State of Delaware or any other jurisdiction) that would cause the application of laws of any jurisdiction other than the State of Delaware.

Whenever possible, each provision of this Trademark Assignment shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Trademark Assignment is held to be prohibited by or invalid under applicable law, such provision shall be ineffective only to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Trademark Assignment. The background recitals form a material part of this Trademark Assignment.

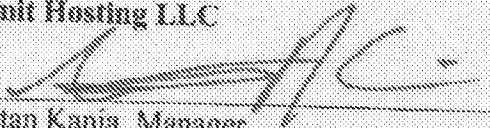

This Trademark Assignment may be executed in counterparts, each of which shall be deemed to be an original, and all of which together shall constitute one and the same instrument. Delivery of an executed counterpart of this Trademark Assignment by facsimile transmission or other electronic transmission (including by electronic mail in portable document format (pdf)) shall be as effective as delivery of a manually executed counterpart hereof and shall be considered to have the same binding legal effect as if it were the original signed version hereof delivered in person.

IN WITNESS WHEREOF, Assignor and Assignee have caused this Trademark Assignment to be duly executed as of the Effective Date.
