**INTELLECTUAL PROPERTY SECURITY AGREEMENT  
(Borrower)**

This Intellectual Property Security Agreement is made the 19 day of May, 2021 (as the same may from time to time be amended, restated, modified or supplemented, this "**Agreement**") between **CLEK INC.**, a company organized under laws of Ontario ("**Grantor**") and **COMERICA BANK** ("**Bank**").

**RECITALS**

**A.** Bank has agreed to make certain advances of money and to extend certain financial accommodations to Grantor (the "**Loans**") in the amounts and manner set forth in that certain Amended and Restated Loan Agreement by and between Bank and Grantor made as of June 16, 2017 (as the same may from time to time be amended, restated, modified or supplemented, the "**Loan Agreement**").

**B.** Pursuant to the terms of that certain Security Agreement dated June 28, 2013 by Grantor in favor of Bank (as it may be amended, restated, replaced or supplemented from time to time the "**Security Agreement**"), Grantor has granted to Bank a security interest in all of Grantor's right, title and interest, whether presently existing or hereafter acquired, in, to and under all of the Collateral including certain Copyrights, Trademarks and Patents to secure the obligations of Grantor under the Loan Agreement and otherwise. All terms used without definition in this Agreement shall have the meaning assigned to them in the Loan Agreement.

**NOW, THEREFORE**, for good and valuable consideration, receipt of which is hereby acknowledged, and intending to be legally bound, as collateral security for the prompt and complete payment when due of its obligations under the Loan Agreement, the Security Agreement and all other agreements now existing or hereafter arising between Grantor and Bank, Grantor hereby represents, warrants, covenants and agrees as follows:

**AGREEMENT**

To secure its obligations under the Loan Agreement and under any other agreement now existing or hereafter arising between Grantor and Bank, Grantor grants and pledges to Bank a security interest in all of Grantor's right, title and interest in, to and under its Intellectual Property Collateral (including without limitation those Copyrights, Patents and Trademarks listed on Exhibits A, B and C hereto), and including without limitation all proceeds thereof (such as, by way of example but not by way of limitation, license royalties and proceeds of infringement suits), the right to sue for past, present and future infringements, all rights corresponding thereto throughout the world and all re-issues, divisions continuations, renewals, extensions and continuations-in-part thereof.

This security interest is granted in conjunction with the security interest granted to Bank under the Security Agreement. The rights and remedies of Bank with respect to the security interest granted hereby are in addition to those set forth in the Loan Agreement, the Security Agreement and any of the other Loan Documents, and those which are now or hereafter available to Bank as a matter of law or equity. Each right, power and remedy of Bank provided for herein or in the Loan Agreement or the Security Agreement, or now or hereafter existing at law or in equity shall be cumulative and concurrent and shall be in addition to every right, power or remedy provided for herein and the exercise by Bank of any one or more of the rights, powers or remedies provided for in this Agreement, the Loan Agreement, the Security Agreement or any of the other related documents, or now or hereafter existing at law or in equity, shall not preclude the simultaneous or later exercise by any person, including Bank, of any or all other rights, powers or remedies.

Grantor represents and warrants that Exhibits A, B, and C attached hereto set forth any and all intellectual property rights in connection to which Grantor has registered or filed an application with the United States Patent and Trademark Office, the United States Copyright Office and/or Canadian Intellectual Property Office, as applicable.

This Agreement may be executed in any number of counterparts and by different parties on separate counterparts, each of which, when executed and delivered, shall be deemed to be an original, and all of which, when taken together, shall constitute but one and the same Agreement. Delivery of an executed counterpart of a signature page of this Agreement by facsimile or by e-mail in pdf format shall, in each case, be effective as delivery of a manually executed counterpart of this Agreement.

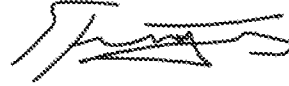

The parties agree that this Agreement may be executed by electronic signatures. The parties further agree that the electronic signature of a party to this Agreement shall be as valid as an original manually executed signature of such party and shall be effective to bind such party to this Agreement, and that any electronically signed document (including this Agreement) shall be deemed (a) to be "written" or "in writing," and (b) to have been "signed" or "duly executed". For purposes hereof, "electronic signature" means a manually-signed original signature that is then transmitted by electronic means or a signature through an electronic signature technology platform. Notwithstanding the foregoing, Bank may require original manually executed signatures.
