INTELLECTUAL PROPERTY ASSIGNMENT

This Assignment is made between Philips North America LLC, a limited liability company, having a place of business located at Cambridge, Delaware ("Assignor") and International Biomedical, Ltd., a Texas limited partnership, having a place of business located at Austin, Texas ("Assignee").

WHEREAS, Assignor is the registered proprietor of the intellectual property rights listed in the Annex (hereinafter "the Assigned Rights");

WHEREAS, Assignor desires to assign to Assignee and Assignee desires to accept from Assignor the assignment of the assigned rights relating thereto,

NOW THEREFORE for good and valuable consideration, receipt of which is hereby acknowledged, assignor hereby confirms the sale, assignment and transfer to Assignee of all Assignor's worldwide right, title, and interest in and to the Assigned Rights, including, in the case of patents and patent applications, any and all foreign counterparts of the assigned patent applications or patents; any and all divisions, re-issues, re-examinations, continuations and continuation-in-part, and, in the case of trademarks, all renewals and extensions thereof, together with the goodwill of the business associated with or symbolized by the trademarks and all rights to profits, damages and other relief for any past, present and future infringement of the trademarks, and the right to sue and collect the same for Assignee's own use and benefit and the benefit of Assignee's successors, assigns, or legal representatives.

Assignor hereby consents and grants full power of attorney to the Assignee to submit solely this Deed of Assignment, including the Annex, to the relevant authorities in which the Assigned Rights are registered, and to request those authorities to record the Assignment of the Assigned Rights to this Deed of Assignment from Assignor to Assignee in the appropriate registers.
